PARENTS/GUARDIANS REGARDING YOUR
RIGHTS

Sulphur Springs Union School District

27000 Weyerhaeuser Way, Santa Clarita, CA 91351

(661) 252-5131 – www.sssd.k12.ca.us

Dear Parents/Guardians:

As Superintendent of the Sulphur Springs Union School District, the Staff and I are committed to your child's success. I pledge that our District will stand as a model of excellence in education and maintain high expectations for classroom achievement and behavior, while providing assistance for those students who need alternative approaches.

As parents/guardians, please know that you play an essential role in your child's academic success. A parent's/guardian's expectation of success becomes a propelling force to motivate a child. We encourage you to become involved in your child's education, and know that we are here to support you. There are many ways to do this, such as by supervising homework, fostering reading at home, limiting TV and video games, and talking with your child about the importance of education.

We welcome your involvement and support, specifically, becoming involved with your child's school and getting to know your child's teacher and forming a partnership. We look forward to working with you to achieve educational excellence.

Dr. Catherine Kawaguchi
Superintendent of Schools

16. To be notified, as early in the school year as practicable, if their child is identified as being at risk of retention and of their right to consult with school personnel responsible for a decision to promote or retain their child and to appeal a decision to retain or promote their child.

Attendance

Attendance plays an important role in student achievement. Parents/guardians of children aged 6 to 18 are obligated to send their children to school.

Avoiding Absences, Written Excuses

The Sulphur Springs Union School District urges parents to make sure their children attend school regularly and to schedule medical, dental, counseling and other appointments after school, on the weekend if possible or during school holidays. The district also asks that travel or other absences be avoided during the time that school is in session.

The higher the district's daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences.

Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Excused Absences

Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

- (1) Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
- (2) Due to quarantine under the direction of a county or city health officer.

- (3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
- (4) For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- (5) For the purpose of jury duty in the manner provided for by law.
- (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.
- (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
- (9) For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
- (10) For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
- (11) For the purpose of participating in a cultural ceremony or event.
- (12) Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.
- (b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- (c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- (d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- (e) "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

Tardiness

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30 minute period during the school day without a valid excuse on three occasions in one school year.

Truancy Definitions

A student is considered truant after three absences or three tardies of more than 30 minutes each time or any combination thereof and the absences or tardies are unexcused. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205.

Arrest of Truants/School Attendance Review Boards

The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from his/her home and who is absent from school without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Board (SARB).

Truant Consequences

Any student who is identified as "Truant" may be assigned as a ward of the court, if the available community resources do not resolve the students' continued problem of truancy, by a Probation Officer or Deputy

District Attorney.

Chronic Absenteeism

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

Attendance Options

Compulsory Education: Compulsory Education law states that students must enroll in school in the school district in which the residence of either the parent or legal guardian is located. If a parent is seeking a change in a public district outside of the resident district, then an interdistrict permit is required. Exceptions are for charter school, home school or other private school enrollments, and other online charter school options.

Residency: A pupil may alternatively comply with the residency requirements for school attendance in a school district, if he or she is any of the following: placed in a foster home or licensed children's institution within the boundaries of the school district pursuant to a commitment of placement under the Welfare and Institutions Code; a pupil who is a foster child who remains in his or her school of origin; an emancipated pupil who resides within the boundaries of the school district; a pupil who lives in the home of a caregiving adult that is located within the boundaries of the school district; a pupil residing in a state hospital located within the boundaries of the school district; or a pupil whose parent is transferred or is pending transfer to a military installation within the state while on active military duty pursuant to an official military order. Students in military and migrant families may remain in their school of origin and shall have waived residency restrictions due to the frequency of movement of their families. Connect with the District Office at 661-252-5131 for more information on the protections afforded these students per California laws.

Interdistrict: An interdistrict agreement is signed by both the releasing and accepting districts. When denied, there are appeal processes according to the local district policies. The education rights holder may appeal to their County Office of Education for an appeal process within 30 days of a final denial from either district.

The parent or legal guardian of a pupil may seek release from the school district of residence to attend a school in any other school district. School districts may enter into agreements for the interdistrict transfer of one or more pupils for a period of up to five years. The agreement must specify the terms and conditions for granting or denying transfers, and may contain standards of reapplication and specify the terms and conditions under which a permit may be revoked. Unless otherwise specified in the agreement, a pupil will not have to reapply for an interdistrict transfer, and the school board of the district of enrollment must allow the pupil to continue to attend the school in which he/she is enrolled. A student who has completed grade 10 by June 30, may remain enrolled within the district of enrollment through grades 11 and 12 without any revocation from the desired district, and must be treated the same as any other resident student. Regardless of whether an agreement exists or a permit is issued, the school district of residence cannot prohibit the transfer of a pupil who is a child of an active military duty parent to a school district of proposed enrollment if that district approves the application for transfer. Nor may a district prohibit an interdistrict permit release when no intradistrict permit options are available to a victim of bullying. A "victim of an act of bullying" means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. "Bullying" means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

A student who is appealing a decision for an interdistrict permit approval through the County Office of Education may be eligible for provisional admission to the desired district in grades TK through 12, while continuing through the process of appeal, if space is made available by the desired district, not to exceed two months.

A pupil who has been determined by personnel of either the school district of residence or the district of proposed enrollment to have been the victim of an act of bullying, as defined in EC 48900(r), shall, at the request of the parent or legal guardian, be given priority for interdistrict attendance under any existing agreement or, in the absence of an agreement, be given additional consideration for the creation of an interdistrict attendance agreement.

Interdistrict permits shall not be denied for release from district of residence, but may require the same entrance requirements from desired districts. For active military families, pending transfer orders, may have ten days to produce documents after the family has relocated. Once orders are in writing, they may be forwarded to the intended resident district or charter to start the enrollment process and avoid delays. Coursework and graduation requirements are exempted for children of active military.

Each school district shall post their interdistrict policy agreements and local district caps on their district and/or school websites. Reasons for approval and denial of interdistrict transfer requests must be updated on the district website according to board policies. The County appeals process will be offered with the final denial in writing by the school district. The County appeal process may take up to a maximum of two months. If you have any questions about the interdistrict process, please call the district office at 661-252-5131 or call the County Office at 562-922-6233.

Intradistrict: Residents of the school district may apply to other schools that serve the same grade levels within the district. No pupil who currently resides in the attendance area of a school can be displaced by pupils transferring from outside the attendance area. Students who are a victim of bullying shall be allowed an intradistrict permit to transfer if space is available at the same grade level. If there is no “intra-district” space to attend, the student may seek an “inter-district” permit to another district without any delay in release from the home district, but it does not guarantee entrance to an outside district. The process to enter another school district will be according to the desired district’s transfer policies. A “victim of an act of bullying” means a pupil that has been determined to have been a victim of bullying by an investigation pursuant to the complaint process described in Section 234.1 and the bullying was committed by any pupil in the school district of residence, and the parent of the pupil has filed a written complaint regarding the bullying with the school, school district personnel, or a local law enforcement agency. “Bullying” means any severe or pervasive physical or verbal communication made in writing or by means of an electronic act directed toward one or more pupils that results in placing a reasonable person in fear of harm of self or property. It may cause a substantially detrimental effect on physical or mental health, interfere with academic performance or the ability to participate in or benefit from the services, activities, or privileges provided by a school, and may be done in person or online. Bullying may be exhibited in the creation or transmission of bullying online, on or off the school site, by telephone or other device in a message, text, sound, video, or image in a post on a social network internet website or burn page that creates a credible impersonation of another student knowingly and without consent for the purpose of bullying. Sharing or forwarding messages contributes to the act of bullying.

Instruction for Pupils with Temporary Disabilities

A pupil with a temporary disability, which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled, impossible or inadvisable may receive individualized instruction provided in the pupil’s home for one hour a day. Please contact your school administrator for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in the district of residence or charter school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days with both school settings and attendance may not be duplicated. If necessary, the district of residence may provide instruction in the home for the days not receiving instruction in the hospital setting, depending upon the temporary doctor orders. The supervisor of attendance shall ensure that absences from the regular school program are excused until the pupil is able to return to the regular school program.

Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Education Code 58500 defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or in part from a presentation by his/her teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Discipline

School Rules

The Governing Board desires to provide a safe, supportive and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. Each school will develop site-level disciplinary rules, which are available to review in the school office.

Duties of Pupils

Pupils shall conform to school regulations, obey all directions, be diligent in study and respectful to teachers and others in authority, and refrain from the use of profane and vulgar language.

Jurisdiction

Teaching staff shall hold pupils to strict account for their conduct on the way to and from school, on the playgrounds, or during recess.

Dress and Grooming

The Sulphur Springs Union School District believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction, which would interfere with the educational process.

The following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Thongs or backless shoes or

- sandals are not acceptable.
2. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which show drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice.
 3. Hats, caps and other head coverings shall not be worn indoors.
 4. Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.
 5. Gym shorts may not be worn in classes other than physical education.
 6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Suspension and Expulsion/Due Process

The Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Suspended or expelled students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion.

Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct.

Expulsion is an action taken by the Board for severe or prolonged breaches of discipline by a student. Except for single acts of a grave nature, expulsion shall be used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to self or others.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be those specified in law and/or administrative regulation.

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and/or law.

The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is suspended from class by a teacher because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities, or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in class from which the student was suspended.

Before requiring parental attendance, the teacher shall make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student.

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is pursuant to law.

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee.

The principal or designee shall contact a parent/guardian who does not respond to the request to attend school. The Board recognizes that parent/guardian compliance with this policy may be delayed, modified, or

prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation.

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law.

Suspension or Expulsion

A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive:

- (a) (1) Caused, attempted to cause, or threatened to cause physical injury to another person.

(III) Creating a false profile for the purpose of having one or more of the effects listed in paragraph (1). “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

(iii) (I) An act of cyber sexual bullying.

(II) For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (A) to (D), inclusive, of paragraph (1). A photograph or other visual recording, as described in this subclause, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(III) For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

(B) Notwithstanding paragraph (1) and subparagraph (A), an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the internet or is currently posted on the internet.

(3) “Reasonable pupil” means a pupil, including, but not limited to, a pupil with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of that age, or for a person of that age with the pupil’s exceptional needs.

(s) A pupil shall not be suspended or expelled for any of the acts enumerated in this section unless the act is related to a school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

(1) While on school grounds.

(2) While going to or coming from school.

(3) During the lunch period whether on or off the campus.

(4) During, or while going to or coming from, a school-sponsored activity.

(t) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, pursuant to this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).

(u) As used in this section, "school property" includes, but is not limited to, electronic files and databases.

(v) For a pupil subject to discipline under this section, a superintendent of the school district or principal is encouraged to provide alternatives to suspension or expulsion, using a research-based framework with strategies that improve behavioral and academic outcomes, that are age appropriate and designed to address and correct the pupil's specific misbehavior as specified in Section 48900.5.

(w) (1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

(2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

EC 48900.2. Sexual Harassment

In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in Section 212.5.

For the purposes of this chapter, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive.

EC 48900.3. Hate Violence

In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of, hate violence, as defined in subdivision (e) of Section 233.

EC 48900.4. Harassment, Threats or Intimidation

In addition to the grounds specified in Sections 48900 and 48900.2, a pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

EC 48900.5. Limitations on Imposing Suspension

Suspension, including supervised suspension as described in Section 48911.1, shall be imposed only when other means of correction fail to bring about proper conduct. A school district may document the other means of correction used and place that documentation in the pupil's record, which may be accessed pursuant to Section 49069. However, a pupil, including an individual with exceptional needs, as defined in Section 56026, may be suspended, subject to Section 1415 of Title 20 of the United States Code, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil's presence causes a danger to persons.

EC 48900.7. Terroristic Threats

(a) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3, and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both.

(b) For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

Mandatory Expulsion Violations

Schools shall immediately suspend and recommend expulsion for students that commit any of the following acts at school or at a school activity off school grounds:

1. Possessing, selling, or otherwise furnishing a firearm.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault.
5. Possession of an explosive.

The school board shall order the student expelled upon finding that the student committed the act.

Requirement of Parent/Guardian School Attendance

Teachers may require the parent or guardian of a student who has been suspended by a teacher to attend a portion of that school day in his or her student's classroom. The attendance of the parent or guardian will be limited to the class from which the student was suspended. A written notice will be sent to the parent or guardian regarding implementation of this requirement. Employers are not allowed to apply sanctions against the parent or guardian for this requirement if the parent or guardian has given reasonable notice to his/her employer.

Dangerous Objects

Often, students like to bring objects, such as a collector's item, to school to show their friends. Examples of these objects include, but are not limited to, laser pointers, mini baseball bats, martial arts weapons (*e.g.*, nunchaku, throwing stars), or any other sharp, pointy objects. Students should refrain from bringing objects that have the potential to inflict serious bodily injury to others.

Electronic Signaling Devices

The use by any person, including a pupil, of any electronic signaling device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. The only allowable use would be acceptable if it is determined by a licensed physician that the pupil must use for the health and safety of a pupil. Any pupil in violation shall be subject to appropriate disciplinary action.

Smartphone use may be prohibited by districts, charter schools, and county schools while a student is at a school site and under supervision and control of staff. There are health and special education limits or usage that may differ from the general student population, but must be in writing and kept on file in student records for confidential record keeping and reasons.

Gun-Free School Zone Act

California prohibits any person from possessing a firearm on, or within 1,000 feet from, the grounds of a public or private school, unless it is with the written permission of the Superintendent. This does not apply to law enforcement officers, any active or honorably retired peace officers, members of the military forces of California or the United States, or armored vehicle guards engaged in the performance of, or acting in the scope of, their duties. A person may also be in possession of a firearm on school grounds if the firearm is unloaded and in a locked container or within the locked trunk of a motor vehicle. A violation of this law is punishable by imprisonment in a county jail for up to six months, a fine of up to \$1,000, or both imprisonment and fine.

Property Damage

Parents or guardians may be held financially liable if their child willfully damages school property or fails to return school property loaned to the child. The school may further withhold the grades, diploma, and transcript

of the pupil until restitution is paid.

Safety

School Safety Plan

Each Sulphur Springs Union School District school site has a Comprehensive School Safety Plan, which includes a disaster preparedness plan and emergency procedures. Copies are available to read at each school office. Fire and emergency drills are held periodically at each school site.

School Visiting Procedures

Visitors to our schools must sign in at the school office upon entering the campus for the safety of our staff and students. You will find a sign posting where to sign in at each entrance to our school sites.

Social Security Number

Pupils and their parents or guardians should not be asked to provide their social security numbers or the last four digits of the social security numbers unless required by state or federal law. If a form is requesting that you provide a social security number or the last four digits of the social security number for you and/or your child and it does not specify the state or federal law that requires this information, ask the school administrator for more information before providing it.

Camera Surveillance on School Property

For the safety of our students, staff and visitors, the School District employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

Surveillance cameras will generally be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of District buildings or all District activities.

District surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms.

Before and After School Enrichment Program

The District has several fee based and free before and after-school programs available for students who qualify. Programs that charge family fees shall not charge for a child who is experiencing homelessness or placed in foster care. Students in foster care will be moved to the top of the waiting list. To request priority enrollment, please contact our liaison, Ms. Vivian Fiss, Director of Curriculum and Instruction at (661) 252-5131 ext. 218.

Pupil Swimming Safety

Our school is committed to safety for all our students at our planned events, including around swimming pools. There is already a requirement for pool sport coaches to be fully-trained in CPR in case of accidental drowning in the pool. If there is any event on-campus or hosted at a swimming pool facility, at least one adult with a valid certification of CPR training will be present throughout the duration of the event.

Title IX

Title IX of the Education Amendments of 1972 is one of several federal and state anti-discrimination laws that ensure equality in educational programs and activities that receive federal funding. Specifically, Title IX protects male and female pupils and employees, as well as transgender pupils and pupils who do not conform to sex stereotypes, against discrimination based on sex, including sexual harassment. California law also prohibits discrimination based on gender, gender expression, gender identity, and sexual orientation. Under Title IX, pupils may not be discriminated against based on their parental, family, or marital status, and pregnant and parenting pupils may not be excluded from participating in any educational program, including extracurricular activities, for which they qualify.

Educational Equity: Government Instruction Conferences

The Sex Equity in Education Act exempts any discrimination based on male or female identity for pupils who seek to participate in state or national conferences, therefore, furthering California's goal of providing an equal educational opportunity to all students by prohibiting the use of public resources when a program discriminates based on gender.

Pregnant and Parenting Pupils

The governing board of the Sulphur Springs Union School District will treat both the pregnant teen mother and the teen father with the same accommodations, regardless of sex. The teen parents may not be excluded from any class or extracurricular activities, solely on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or post-partum recovery. Physical and emotional ability to continue may only be determined by physician or nurse practitioner. Pregnant or parenting pupils may not be required to participate in pregnant minor programs or alternative programs, with the exception of personal choice.

Parental rights will be an option available in annual notifications or at semester term periods, welcome packets, orientation, online or in print, or in independent study packets as provided to all regular students from school districts or charter schools.

Any additional time due if deemed medically necessary, as prescribed by physician or nurse practitioner. The pregnant and parenting teens are not required to take all or part of the leave to which they are entitled. Leave will be approved by the district or charter school supervisor of attendance, as excused absence, with a unique code similar to independent study. However, no work is required during the leave. Upon return, the parenting teens are entitled to return to the school courses that were in enrolled before taking leave. Make up plans and re-enrollment will be worked out with the school counselor or administrator to achieve an opportunity to fully participate in all activities, as before leave. If needed, parenting teen may enroll for a fifth year of instruction if on course for graduation requirements. If parenting teens were enrolled in an alternative school setting, a return to that environment is to be available as needed to achieve graduation. A pupil shall not incur any academic penalties due to using these available accommodations.

An illness for sick child does not require a doctor note for the custodial parenting teens; the mother or father will be excused by the attendance supervisor.

Campus Security

The Governing Board is committed to providing a school environment that promotes the safety of students, employees, and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

Custody Issues

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation, which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

State law requires the following immunizations before a child may attend school:

- (a) All new students, in transitional kindergarten through grade 6, to the Sulphur Springs Union School District must provide proof of polio, diphtheria, pertussis, tetanus, measles, and mumps, rubella, and varicella immunizations.
- (b) All transitional kindergarten and kindergarten students must also provide proof of vaccination against hepatitis B.
- (c) All seventh grade students must also provide proof of a second measles-containing vaccine, and a pertussis booster vaccine.

Medication Regimen

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or school office personnel of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with the school personnel regarding the possible effects of the medication on the pupil.

Any pupil who is required to take, during the regular school day, medication prescribed by a physician may be assisted by the school nurse or other designated school personnel if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken requesting the school nurse to assist the pupil with prescribed medication as set forth in the physician statement. Student may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting that the student self-administer. All requests are to be approved by school nurse prior to use.

1. Talk to your child's doctor about making a medicine schedule so that your child does not have to take medicine while at school.
2. If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount taken, and the name of the doctor who prescribed it (EC 49480).
3. If your child must take medicine while at school, give the school a written note from you and a written note from your child's doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
4. As parent or guardian, you must supply the school with all medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
5. All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
6. Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child's name, doctor's name, name of the medicine, and instructions for when to take the medicine and how much to take.
7. Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
8. Medicinal cannabis may be administered at school by parent according to local district adopted policy, which must include: no disruption of educational environment or exposure of cannabis to other students, parent administration only – no staff members to administer cannabis, removal of any remaining cannabis and packaging from school site, parent method to sign in and out for administration and medical recommendation to be kept on file according to confidential health records. The use of smoke or vape forms of cannabis is expressly forbidden on school campus.
9. Know and follow the medicinal policy of your child's school. The school board may amend or rescind any of their policies for any reason in a public board meeting.

Emergency Treatment for Anaphylaxis

EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives.

Physical Examination

A parent or guardian may file annually with the school principal a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

Scoliosis (curvature of the spine) Screening

In grades 5 and 6, your child may be screened for scoliosis (curvature of the spine), only with written permission. Information regarding screening at your child's school will be sent home when a screening date has been set.

Vision and Hearing Appraisal

Your child's sight and hearing will be checked by an authorized person between grades Kindergarten through 6, unless you present to the school a certificate from a physician or optometrist verifying prior testing or a letter (submitted at the beginning of the school year) stating that you do not want your child to be screened.

Sunscreen and Sun-Protective Clothing

A doctor's note is not required to use sunscreen during the school day. A hat may be worn to protect from the sun outdoors, as may other sun-protective clothing according to the school dress code.

Medical or Hospital Service

The School District does not provide or make available medical and hospital services for pupils who are injured in accidents related to school activity or attendance.

At minimum, students are offered ELD and access to grade level academic subject matter content.

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a]) (20 U.S.C. Section 6312[e][3][A][iii],[v])

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Harm or Destruction of Animals

Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. Objections must be substantiated by a note from the pupil's parent or guardian.

A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the teacher believes that an adequate alternative education project is possible. The teacher may work with the pupil to develop and agree upon an alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question.

Surveys

Anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes and practices relating to sex, family life, morality, and religion may be administered to students if the parent is notified in writing that 1) this test, questionnaire, or survey is to be administered, 2) the student's parent is given the opportunity to review the test, questionnaire, or survey, and 3) the parent consents in writing. Questions pertaining to the sexual orientation and gender identity of a student shall not be removed from a survey that already includes them.

School Records and Student Achievement

Pupil Records

A cumulative record, whether recorded by handwriting, print, tapes, film, microfilm or other means, must be maintained on the history of a pupil's development and educational progress. The District will protect the privacy of such records. Parents/guardians have the right to 1) inspect and review the student's educational record maintained by the school, 2) request that a school correct records which they believe to be inaccurate or misleading, and 3) have some control over the disclosure of information from educational records. School officials with legitimate educational interests may access student records without parental consent as long as the official needs to

review the records in order to fulfill his/her professional responsibility. Upon request from officials of another school district in which a student seeks or intends to enroll, the District shall disclose educational records without parental consent.

Parents' request to access their student's educational records must be submitted in a written form to the school site administrator and the school will have five (5) business days from the day of receipt of the request to provide access to the records. Copies of student records are available to parents for a fee of five cents (5¢) per page.

Any challenge to school records must be submitted in writing to the Assistant Superintendent of Personnel/Pupil Services. A parent challenging school records must show that the records are 1) inaccurate, 2) an unsubstantiated personal conclusion or inference, 3) a conclusion or inference outside the observer's area of competence, 4) not based on the personal observation of a named person with the time and place of the observation noted, 5) misleading, or 6) in violation of the privacy or other rights of the student. Electronic Nicotine Delivery Systems (e-cigarettes)

The Sulphur Springs Union School District prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code. Section 308 of the Penal Code also states that every person under 18 years of age who purchases, receives, or possesses any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, tobacco products, or any controlled substance shall, upon conviction, be punished by a fine of seventy-five dollars (\$75) or 30 hours of community service work.

("Parent" means a parent, guardian, stepparent, foster parent, or grandparent of, or a person who stands in.)
