As a reminder, Dr. Fullwood, Assistant Superintendent of Educational Services, sent to all families the Local Control Accountability Plan (LCAP) parent survey. As we are working together to prepare the new LCAP for the 2022-2023 school year, it is important that we hear from our educational partners regarding the programs and opportunities offered to our students in the District. The survey was due by Friday, March 25th. ***We are extending the due date to Monday, March 28th for families to complete since we want to provide all families and opportunity to respond.*** Please click on the links below to complete the survey. Your input and feedback are very valuable to us, and we look forward to continuing to partner with you to provide your child an excellent educational program.
