

Friday Update, September 17, 2021

Good evening Sulphur Springs Union School District Families. This is Dr. Catherine Kawaguchi, your Superintendent with a Friday Update, September 17, 2021.

This past week, I have been conducting Learning Walks with Principals and visiting classrooms. It is very evident that our students are excited to be back in school! The classrooms are filled with happy children engaged in their learning. They are being provided multiple opportunities to show their knowledge, and students are using written work as well as technology to show what they are learning every day. I want to thank our Teachers, Support Staff, and Administration for all that they are doing for our students. Everyone is working extremely hard to make sure that our students are receiving an exemplary education.

Our District currently has several job openings, and we encourage our families to be part of the Sulphur Springs community. Presently, we are in need of substitute teachers. Our substitute teacher rate is being increased. Please see the attachment to review the salary schedule. Qualifications for substitute teachers include a bachelors degree as well as possessing a 30-day substitute permit from the California Commission on Teacher Credentialing. Our personnel department can assist applicants who possess a bachelor's degree but still need to obtain their 30-

day substitute permit. Please contact Merry Martinez-Gonzalez at 661-252-5131 for more information.

We also have needs in other job areas. Please click on the [link](#) to further review our job openings. For full time employees, we do offer fantastic health benefits as well.

It is greatly appreciated if families will please complete their data confirmation in the Parent Portal. We still have several families that have not completed their information. If you are a family member that still has not logged into your Parent Portal to update your information for the 21-22 school year, you will be receiving a call this coming week to complete this information. Making sure that your information is up-to-date in Parent Portal assures that your child's school has the most updated information for your family. If you need assistance with accessing your Parent Portal, please call your child's school office.

Wishing you and your family a relaxing weekend.
