Covid-19 Update

The CA Department of Public Health has updated information regarding COVID-19.

COVID-19 (Cases)

Students with a COVID-19 infection need to adhere to these instructions regardless of their vaccination status, history of previous infection, or lack of symptoms. For the full guidance, refer to [LAC DPH Instructions for COVID-19 Cases and Close Contacts](#).

1. When Isolation (Staying Home) Is Required

Students with COVID-19 must stay home and away from others if symptomatic and/or with fever. Isolation can end when both of the following criteria are met:

- Have not had a fever for 24 hours without taking medication that reduces fevers **AND**
- Other symptoms are not present or are mild and improving.

Additionally:

- A person leaving isolation prior to 10 days from the date of a positive test and/or onset of symptoms **is required to wear a mask when around others for the 10 days.**
- It is strongly recommended that an individual test for COVID-19 prior to ending isolation and extend isolation until day 10 if they continue to test positive.

Students with COVID-19 who **do not have symptoms** are not required to isolate **only if** wearing a well-fitting, high-quality mask in all settings when around others, for 10 days after first testing positive.

2. Wear a mask

All people with a COVID-19 infection must wear a mask for 10 days from symptom onset or positive test date, regardless of whether they have symptoms.

- While in isolation, wear a well-fitting, high-quality mask when in the same room as others.
- People who meet criteria to end isolation shall wear a mask around others for 10 days from symptom onset.
- Those with COVID-19 and no symptoms shall wear a mask around others for 10 days from the day they first tested positive.
- Masks can be removed sooner if the individual obtains two sequential negative tests taken at least one day apart.

Additional Considerations

- Individuals whose symptoms return or worsen after initially improving may have [COVID-19 rebound](#) and should stay home and retest with an antigen test.
- [Support students](#) who are learning at home if they are sick. Ensure that employees are not penalized when they stay home due to illness.
