"It's about bringing families together from both school districts to celebrate them and bring resources for our community," said Catherine Kawaguchi, Superintendent for the Sulphur Springs School District.

Parents had the opportunity to go to different classrooms and be a part of various conferences about topics on how to support families and children.

During the event they offered academic resources for students and parents to get through the high school system, college of the canyons was there, how to read, internet safety.

The ninth annual Many Families, One Community family resource fair brought people from Sulphur Springs Union School District and William S. Hart Union High School District out to have the opportunity to attend various informational sessions and walk around various organization booths at Golden Valley High School on Saturday.

The event featured 42 diverse booths from which families could obtain information, a play area for children to enjoy, treats from a bake sale, the opportunity to see a fire truck and a raffle for whoever wanted to join.

"This is an opportunity for the community to get together and we as organizers (Sulphur Springs) of the event, have gone through and built relationships with all of the organizations that are here," said Denis DiFigueiredo, board president for the Sulphur Springs district. "It's an opportunity for all those organizations to get together in one place where families in the community can come in and see what's out there. I mean, so many times people need help."

The topics for sessions at the event included impacts of social media on children, teen dating violence and social-emotional development for young children.

The booths offered information on subjects including insurance, mental health services and the Santa Clarita public libraries.

Elevated Behavioral Therapy was one of the booths that focuses on behavioral therapy for children and how their services help make an impact on the community.

"We primarily work with kids and individuals with autism and other behavioral difficulty needs. We are contracted with the school districts as well. We hire registered behavior technicians to provide the (Applied Behavioral Analysis) therapy," said Sarkis Gharibian, co-founder and chief financial officer of Elevated Behavioral Therapy.

School Day Cafe, which provides children throughout local school districts with meals, wanted to emphasize how important it is for children to have full meals every day.

"If they're not getting the proper nutrients, then they're not paying attention in class, so, you know, their grades drop. They're not performing well in their favorite sports. Like it's nutrition at the core of what we all do," said Elizabeth Donis, School Day Cafe registered dietician.

Donis added that food insecurity is always an issue everywhere and that the organization provides an opportunity for kids to get in a good meal.

The School Day Cafe booth was giving out little vegetable plushes and various fruits and vegetables at the booth, making parents and children alike smile.

One mother was with her son who performed at the event with his choir from Golden Oak Community School and stayed to get more information.

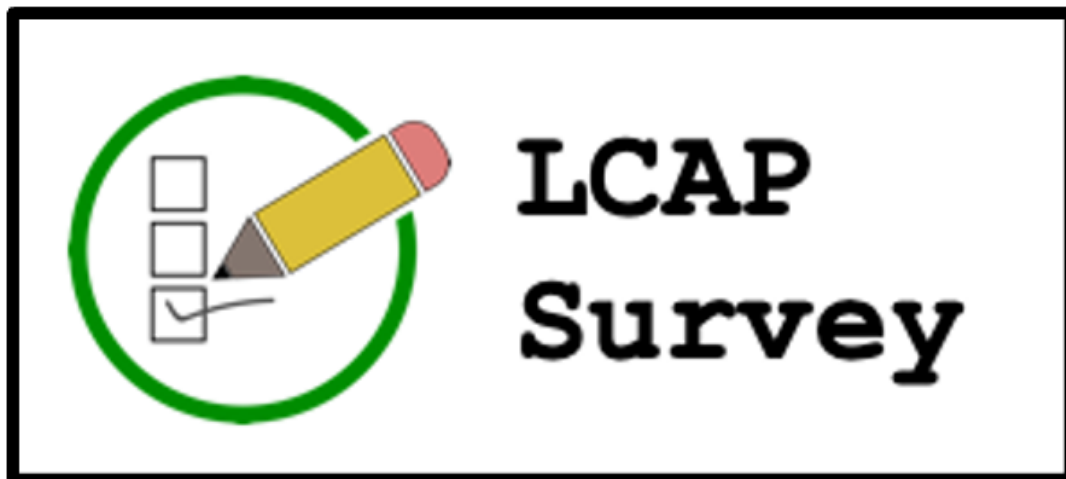

"I've been living here in Santa Clarita for five years, but I'm not aware of all of the community and resources that are out here, so it really helps," Sandra Campa said.

With Campa's first language being Spanish, the event also helped Spanish speakers with special headphones that had interpreters.

One thing Campa enjoyed about the event was the accessibility, having all the booths in one place and giving parents a great deal of information.

During this time of year, staff are beginning to draft the District's Local Control and Accountability Plan for the 2025-2026 school year. To support staff with writing goals and actions in the plan, it is important that we hear from our families regarding the programs and opportunities offered to our students in the District.

The survey is due by **Friday, March 28th**. Please click on the link below to complete the survey. Your input and feedback are very valuable to us, and we look forward to continuing to partner with you to provide your child an excellent educational program.

**School Calendars
2025-2026 and 2026-2027 School Years**

Dear Families,

Please note that there is a change to the calendars for the 2025-2026 and 2026-2027 school years. For the next two school years, all schools will continue to release students early on Wednesdays to support teachers with professional development and collaboration time.

Every Wednesday, all schools will release students one hour and 50 minutes early as opposed to the current one hour early release. The changes to the Wednesday schedule result in a **yearly instructional minute change** that equates to **less than a minute per day**.

In order to assure that the **effect to yearly instructional minutes** is **minimal (less than a minute per day)**, this calendar also includes a **reduction** in the total number of minimum days. Instead of having 11 minimum days throughout the school years, it is being **reduced to 7 minimum days** throughout the school year.

For the 2025-2026 and 2026-2027 school years, every Wednesday, the District is **protecting instructional time** by reducing the normal 60 minutes of recess and lunch (that students currently have) to a **35 minute brunch**.

Overall, these changes result in a yearly instructional minute change that equates to **less than a minute per day**.

Please see the calendars below and attached to this email:
