

Friday Update July 3, 2020

Dear Sulphur Springs Families,

This is Dr. Catherine Kawaguchi, Superintendent, with your Friday Update, July 3, 2020.

On Wednesday, July 1st, the Board of Trustees held a Special Board Meeting discussing plans to prepare to reopen our schools this fall. If you were unable to watch the meeting, please go to our District website and look under What's New and click on the tab, Fall Planning Live Stream on YouTube. Important information was shared regarding the four Instructional Models that the District is exploring.

At this time, school districts in Los Angeles County still have not received the Los Angeles County Department of Public Health Report stating what will be required to reopen our schools in the fall. We are expecting this report any day. District Staff will review the report and make any changes as needed in its Safety Protocols.

I am hoping to make my final recommendation to the Board of Trustees as to which Instructional Model to implement this fall at the July 8th Special Board Meeting. Families will be able to watch this meeting live on the YouTube address that is posted on the District website under Upcoming Events.

I would also like to let families know that we have decided to keep the Fall Planning Ranking Survey open regarding your preference for one of the instructional models. If you would like to still submit your response and/or provide a different response from what you already submitted, you are able to do this. The survey is posted on the District website under What's New.

Our District is continuing to partner with our fee-based daycares that are in our District, Sunshine Daycare and YMCA. The District is working with them to provide additional space to support the daycares. If you would like additional information regarding these Daycare Programs, please call Sunshine Daycare at 661-254-2687 and YMCA 661-253-3593.

Thank you for your support and patience as we navigate these next couple of weeks together. Wishing you and your family a restful weekend. Thank you.
