

Friday Update May 8, 2020

Good Evening Sulphur Springs Families,

This is Dr. Catherine Kawaguchi, Superintendent, with your Friday Update, May 8, 2020.

Our staff have been preparing for all of our families to drive to their child's school to pick up student belongings on either Thursday, May 14th or Friday, May 15th. Your child's Principal will be sending you communication regarding the details on how items will be deployed either this coming Sunday or Monday night. If you miss your Principal's communication, please call your child's school on Tuesday.

Please note that families that have children in the State Preschool Program at Mint, Leona Cox, and Canyon Springs Community Schools will have their own deployment of student items on Friday, May 22nd. Mary Mercogliano, Director of the State Preschool Program, will be sending out additional information to these families.

I want to thank all of our families for remembering to wear masks when coming to pick up the free nutritional food at Canyon Springs and/or Mitchell Community Schools between 12:00PM and 1:00PM. We so appreciate your support with working to continue to protect our staff as well as our families.

Finally, I want to also let you know that I am very aware that some of our 6th grade families may want to hold a car parade to celebrate the 6th graders promoting to 7th grade and moving onto Hart School District next year. Please know that all Superintendents in LA County have been informed that Public Health has stated that no car parades are allowed. As the Superintendent, it is imperative that I follow direction from Public Health to support the health and safety of our children and staff. As a former 6th grade teacher for several years, I very much understand why it is important to bring our children together to wish them the best, and let them know we care so much for our children. I have encouraged staff to find other ways to celebrate their 6th grade students this year, and I greatly appreciate your support with my direction.

Thank you, families for always being amazing partners as we work through these next few weeks of school. We so appreciate you and your child.
