Second Interim Report

2020-2021 and Two Subsequent Years

Education Code (EC) Sections 35035(g), 42130 and 42131 requires the Governing Board of each school district to certify, at least twice a year, to the district's ability to meet its financial obligations for the remainder of that fiscal year and for the subsequent two fiscal years. This is called the Interim Report Process.

The Governing Board must certify to one of the following:

- Positive A school district that, based on current projections, will meet its financial obligations for the current fiscal year and two subsequent fiscal years.
- Qualified –A school district that, based on current projections, may not meet its financial obligations for the current fiscal year and two subsequent fiscal years.
- 3. **Negative** A school district that, based on current projections, will be unable to meet its financial obligations for the current fiscal year and two subsequent fiscal years.

Along with the Interim Financial Report, districts are required to furnish a narrative, a multiyear projection for the next three years, a cash flow analysis, criteria and standards review, and a report of Average Daily Attendance (ADA). The financial information and certification form included with this report indicates that the District, with proper attention to financial planning, will be able to meet its financial obligations in the current and two subsequent years.

The Second Interim report incorporates the guidance from the Los Angeles County Office of Education (LACOE). LACOE requests that districts be prudent in their planning for the current and two subsequent years since there is still a high uncertainty in State revenues and cash deferrals.

Local Control Funding Formula (LCFF)

The Local Control Funding Formula (LCFF) is the main source of unrestricted tax dollars for the District. These funds are the main source of operational funding. The LCFF establishes a base per pupil amount with additional supplemental and concentration revenue to be used to improve student achievement and address the needs of economically disadvantaged students, Homeless, English Language Learners and Foster Youth. These services are guided by the District's Local Control Accountability Plan (LCAP) and Learning Continuity and Attendance Plan.

Cost-of-living (COLA)

The LCFF is a funding formula implemented in 2013-14 that replaces revenue limit and consolidates over 55 categorical (restricted) programs. K-12 school districts' funding shifts are tied to cost-of-living (COLA) increases. Due to the economic uncertainty that the COVID-19 pandemic had caused, the Governor acknowledged the COLA of 2.31% in 2020-21 but is not funding it. The COLA for 2020-21 is 0%.

Below, please find the 2020-21 Base LCFF projections for Sulphur Springs Union School District.

| Grade Level | 2020-21 Base Grant/ADA | 2020-21 COLA 0% | 2020-21 Combine Total |
|-------------|---------------------------|--------------------|--------------------------|
| K-3 | \$7,702 | \$0 | \$7,702 |
| 4-6 | \$7,818 | \$0 | \$7,818 |

The 2020-21 state revenues in California are coming in higher than what the Governor had anticipated in his 2020-21 enacted budget. Due to this, the Governor is proposing to fund the estimated COLA for 2021-22 at 1.5% plus adding the unfunded 2020-21 COLA to this amount for a compound COLA of 3.84% beginning in 2021-22. The District is also projecting the School Services recommended COLA of 1.28% for 2022-23.

Grade Span Adjustment

The Local Control Funding Formula provides a 10.4 percent augmentation, referred to as a Grade Span Adjustment, to the base grant amount for students in transitional kindergarten through third grade if a district maintains a school site average maximum 24:1 student to teacher ratio, or an alternate locally bargained ratio. An agreement dated August 26, 2015 was approved by the Board of Trustees establishing a maximum 26:1 student to teacher ratio in the applicable grades.

The 2020-21 Budget reflects that the District will meet the 26:1 ratio, and the budgeted revenue is included in the base grant revenue projections.

Average Daily Attendance (ADA)

On June 29, 2020, the Governor passed Senate Bill 98 which states that Districts will be funded using 2019-20 Principal Apportionment Period 2 ADA for 2020-21. This bill was passed to support Districts during the pandemic. The District used 2019-20 ADA, historical data, projections of the Department of Finance, and guidance from LACOE to calculate the other factors that make up the LCFF.

The LCFF Funding Assumptions for the Sulphur Springs Union School District Second Interim Report are:

| | 2020-21 | 2021-22 | 2022-23 |
|---|----------|----------|----------|
| Cost of Living Adjustment (COLA) | 0% | 3.84% | 1.28% |
| Unduplicated Pupil Percentage | 54.43% | 54.43% | 54.43% |
| Unduplicated Pupil Percentage Rolling 3 year average | 54.11% | 53.83% | 54.43% |
| Funded ADA | 5,108.27 | 5,108.27 | 4,700.27 |

Enrollment

Most state funding, including the LCFF, is calculated using a dollar factor multiplied by the Average Daily Attendance (ADA) of students enrolled in the District. Therefore, student attendance is directly correlated to student enrollment. The District experienced a year-over-year decline in enrollment for the previous eight years. A total reduction of student enrollment from a high of 5,789 in 2007-08 to 5,327 in 2019-20, a loss of 462 students District-wide. This also resulted in a proportionate loss of ADA for those years.

The 2020-21 Second Interim Report reflects a continuation of this declining trend with a decrease of 258 students for the 2020-21 budget year and an additional 150 student loss in 2021-22. Revenue and budgeted expenditures have been adjusted based on these projections. The impact of this shift in enrollment has been factored into subsequent year projections.

The District recognizes the possibility of future growth due to residential development within the District's boundaries. Previous experience with anticipated growth which failed to materialize and necessitated deep budgetary cuts gives the District reason to be

cautious in incorporating these increases in out-year budget projections. As such, future enrollment projections reflect a sustained enrollment figure based on current actual enrollment, and will be adjusted as actual enrollment shifts.

| School Year | CBEDS Enrollment |
|-------------|------------------|
| 2013-14 | 5,501 |

^{*}Projected

Employee Benefits

The collective bargaining agreement provides for a cap in the District's contribution to employee benefits. The current employer cap per active employee as factored into the budget is: \$17,734.32

Pension Costs

State Teachers Retirement System (STRS)

Public Employee Retirement System (PERS)

The Governor's State Budget included one-time, non-Proposition 98, investment to buy down the employer contribution rates in 2020-21 and 2021-22 for both the State Teachers Retirement System (STRS) and the Public Employee Retirement System (PERS). Below are the following rates for this year and the next two subsequent years.

| | STRS Rate | PERS Rate | |
|---------|-----------|-----------|--|
| 2020-21 | 16.15% | 20.70% | |
| 2021-22 | 15.92% | 23.00% | |
| 2022-23 | 18.00% | 26.30% | |

STRS On-behalf Payments

GASB Statement 68 (GASB 68), Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27, introduced new requirements for recognition by state and local governments of employer costs and obligations for pensions. Under these new standards, Districts must report, in addition to their own annual expenditures related to pensions, the annual contributions made to this purpose by the state on their behalf.

This reporting results in a budget entry of revenue and expenditure of \$2,389,169 each. Because this entry is balanced in revenue and expenditure, there is no direct net impact to fund balance. It does result in an increase to the District's 3% reserve requirement and Routine Restricted Maintenance contribution requirement.

Mandated Block Grant (MBG)

The Second Interim reflects \$32.18 per ADA for the mandated block grant for 2020-21 and subsequent two years. There are no one-time funds budgeted at this time.

Lottery

The Second Interim reflects \$150 per ADA for unrestricted lottery and \$49 per ADA for restricted lottery for 2020-21, and subsequent two years. These restricted funds are used for instructional materials.

Learning Loss Mitigation Funding (LLMF)

In response to COVID-19 pandemic, the Governor authorized, in his 2020-21 budget package, \$5.3 billion dollars for school districts in order to support pupil academic achievement and mitigated learning loss. The Learning Loss Mitigation Funding (LLMF) is comprised of three different funding sources, the Governor's Emergency Education Relief (GEER), the Coronavirus Relief (CR) Fund, and the General Fund (GF). Below are Sulphur Springs Union School District LLMF allocations and the date it must be used by.

| Fund | Amount | When It Can Be Used |
|-------|----------------|-------------------------------------|
| GEER | \$ 382,729.00 | March 13, 2020 – September 30, 2022 |
| CR | \$2,911,318.00 | March 01, 2020 – May 31, 2021* |
| GF | \$ 404,273.00 | March 01, 2020 – June 30, 2021 |
| Total | \$3,698,320.00 | |

^{*}Proposed

These funds are very restricted funds and can only be used for:

- Addressing learning loss or accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports that begin before the start of the school year and the continuation of intensive instruction and support into the school year.
- Extending the instructional school year by making adjustments to the academic calendar, increasing the number of instructional minutes provided during each week or school day, or taking any other action that increases the amount of instructional time or services provided to pupils based on their learning needs.
- Providing additional academic services for pupils, such as diagnostic assessments
 of pupil learning needs, intensive instruction for addressing gaps in core academic
 skills, additional instructional materials or supports, or devices or connectivity for
 the provision of in-classroom and distance learning.
- Providing integrated pupil supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, professional development opportunities to help teachers and parents support pupils in distancelearning contexts, access to school breakfast and lunch programs, or programs to address pupil trauma and social-emotional learning.
- Addressing health and safety concerns, including, but not limited to, purchasing public health testing, personal protective equipment, supplies to sanitize and clean the facilities and school buses of a local educational agency, and for other related needs.

Elementary and Secondary School Emergency Relief (ESSER)

Part of the Federal CARES Act included additional funding to school districts known as the Elementary and Secondary School Emergency Relief Fund (ESSER). These funds are allocated to educational agencies based on the amount of Title I funding that the districts' receive. These funds are restricted in nature and are to be used for one-time COVID-19 related expenses. Sulphur Springs Union School District received \$734,330 in 2020-21.

In December 2020, the Federal Government passed the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA Act) that provided more ESSER funds to school Districts. This funding is known as ESSER II. These funds continue to be restricted in nature and are to be used to address the impact COVID-19 has had, and continues to have, on elementary and secondary schools across the nation. Sulphur Springs Union School District is projected to receive \$2,959,027 as one time funds.

Routine Restricted Maintenance Account (RRMA)

The budget projection reflects contributions to restricted resources which include the 3% contribution to the Routine Restricted Maintenance Account to support ongoing maintenance and repairs to the school facilities.

Deferred Maintenance

Deferred Maintenance no longer exists as a separate program and is now a permanent part of the LCFF base grant. However, districts are still required to appropriately maintain their facilities. Due to a 0% COLA proposed by the Governor, the District is facing challenges on funding this program and is currently not transferring funds to the Deferred Maintenance Fund (Fund 14.0).

Ending Fund Balance

Reserve for Economic Uncertainties:

The 2020-21 Second Interim Report includes Reserve for Economic Uncertainties in an amount equal to 3 percent of the general fund expenditures. This Reserve for Economic Uncertainties is a requirement by the State of California to accommodate fluctuations in school revenue and expenditures which are greatly affected by variables beyond the District's control. This reserve amount in each budgeted year is:

2020-21: \$ 2,006,900
2021-22: \$ 1,900,149
2022-23: \$ 1,885,002

As part of the State-wide County Common Message², many County Offices continue to reinforce the need for reserves over the minimum requirement. The experience of the most recent recession has clearly demonstrated that minimum levels are not sufficient to protect educational programs from severe disruption in an economic downturn.

LACOE, in its guidance for Second Interim Financial Reporting, underscores this message. "Cash management challenges make it even more imperative that districts consider reserve levels greater than the minimums required within the State's Criteria and Standards. Reserves are especially critical to have sufficient cash to meet payroll and other obligations." The typical 3.0 percent reserve minimum represents less than two weeks of payroll for many districts¹.

Projections

A budget is intended to be a living document; therefore, revisions will be presented as new information is known. As the variables change through legislative action, economic turnover at the state or local level, and/or the COVID-19 pandemic improves or worsens, the projections will be analyzed and adjusted as appropriate.

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. In response to COVID-19 pandemic, the Governor of California authorized \$5.3 billion one-time restricted federal CARES Act dollars for school districts in order to support pupil academic achievement and mitigate learning loss caused by the pandemic. For Sulphur Springs, this amount equals \$4,432,651. One of the allowable usage of this federal money was to support employees whose job duties substantially changed in response to the Covide-19 school's physical closure and in supporting Distance Learning. Sulphur Springs Union School District has several employees who fell under this category in FY 2020-21. The District is projecting for these employees to return to their original duties beginning in 2021-22 and unrestricted general funds would be used to support those positions. The District is also in compliance with California's minimum wage law.

1a STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation: (required if NOT met) On June 29, 2020, the Governor passed Senate Bill 98 which states that Districts will be funded using FY 2019-20 Principal Apportionment Period 2 ADA for FY 2020-21. This bill was passed to support Districts during the pandemic. The District used FY 2019-20 ADA for FY 2020-21. As can be seen, enrollment has dropped significantly for the District and FY 2019-20 ADA is actually higher than FY 2020-21 enrollment.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements, Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Every Student Succeeds Act Maintenance of Effort

Form ESMOE—Every Student Succeeds Act Maintenance of Effort Expenditures

This form compiles the expenditures to be used in determining if a local educational agency (LEA) met the maintenance of effort requirement under the Elementary and Secondary Education Act, as reauthorized by the Every Student Succeeds Act. It is required for LEAs that received funding under covered programs, as indicated by having revenue account balances for applicable resource codes. The form must be completed and saved during the unaudited actuals period, if applicable, or a Fatal exception will display in the supplemental technical review checks. In all other periods, the form is optional and is provided for planning purposes only. For the unaudited actuals period, Form ESMOE extracts unaudited actual data. For the budget and interim periods, Form ESMOE extracts estimated actual and projected year totals data, respectively

Indirect Cost Rate Worksheet

Form ICR—Indirect Cost Rate Worksheet

The Indirect Cost Rate Worksheet, Form ICR, calculates a proposed restricted, fixed-with-carry-forward type of indirect cost rate for LEAs to use in recovering indirect costs from federal and state programs. The rate calculated from one year, once approved, is used to recover indirect costs in the second subsequent year (i.e., the rate calculated in the 2016-17 unaudited actuals will be used to recover indirect costs in 2017-18).

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.

Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Where allocation of a negative carry-forward adjustment than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approximately. | | | | | | |
