Sexual Harassment

Policy 4119.11: Sexual Harassment Status:

ADOPTED Original Adopted Date: 06/21/2006 | Last Revised Date: 11/06/2019 | Last Reviewed Date: 11/06/2019

The Boards of Trustees is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any persons who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the gender, gender identity, gender expression, or sexual orientation of the victim.

This policy shall apply to all district employees and, to other persons on district property or with some employment relationship with the district, such as interns, volunteers, contractors, and job applicants.

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation 2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply
3. Ensuring prompt, thorough, and fair investigation of complaints
4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of his/her district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee, shall immediately report the incident to his/her direct supervisor, the district's coordinator for nondiscrimination, the Superintendent, or, if available, a complaint hotline or an ombudsman. A supervisor or administrator, who receives a harassment complaint shall promptly notify the coordinator.

Complaints of sexual harassment shall be filed and investigated in accordance with the complaint procedure specified in AR 4030 - Nondiscrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

All complaints and allegations of sexual harassment shall be kept confidential to the extent necessary to carry out the investigation or to take other subsequent necessary actions. (2 CCR 11023)

Sulphur Springs School Union District
Administrative Regulation 4119.11

Sexual Harassment

Regulation 4119.11: Sexual Harassment Status: ADOPTED Original Adopted Date: 06/21/2006 |
Last Revised Date: 11/06/2019 | Last Reviewed Date: 11/06/2019

This administrative regulation shall apply to all allegations of sexual harassment involving employees, interns, volunteers, and job applicants, but shall not be used to resolve any complaint by or against a student.

Definitions

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the work or educational setting when: (Education Code 212.5; Government Code 12940; 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual.

Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district.

Prohibited sexual harassment also includes conduct which, regardless of whether or not it is motivated by sexual desire, is so severe or pervasive as to unreasonably interfere with the victim's work performance or create an intimidating, hostile, or offensive work environment.

Examples of actions that might constitute sexual harassment in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors
2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects
3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, leaning over, or impeding normal movements

Training

The Superintendent or designee shall ensure that all employees receive training regarding the district's sexual harassment policies when hired and periodically thereafter. The training shall include how to recognize prohibited or harassing conduct, the procedures for reporting and/or filing complaints involving an employee, employees' duty to use the district's complaint procedures, and employee obligations when a sexual harassment report involving a student is made to the employee. The training shall also include information about processes for employees to informally share or obtain information about harassment without filing a complaint.

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours of classroom or other effective interactive training and education regarding sexual harassment. All such newly hired or promoted employees shall receive training within six months of their assumption of the new position. (Government Code 12950.1)

A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code 12926)

The district's sexual harassment training and education program for supervisory employees shall be aimed at assisting them in preventing and effectively responding to incidents of sexual harassment, as well as implementing Board Policy Manual Sulphur Springs Union School District mechanisms to promptly address and correct wrongful behavior. The training shall include, but is not limited to, the following: (Government Code 12950.1; 2 CCR 11024)

1. Information and practical guidance regarding federal and state laws on the prohibition, prevention, and correction of sexual harassment, the remedies available to sexual harassment victims in civil actions, and potential district and/or individual exposure or liability
2. The types of conduct that constitute sexual harassment and practical examples which illustrate sexual harassment, discrimination, and retaliation using training modalities such as role plays, case studies, and group discussions, based on factual scenarios taken from case law, news and media accounts, and hypotheticals based on workplace situations and other sources
3. A supervisor's obligation to report sexual harassment, discrimination, and retaliation of which he/she becomes aware and what to do if the supervisor himself/herself is personally accused of harassment
4. Strategies for preventing harassment, discrimination, and retaliation and appropriate steps to ensure that remedial measures are taken to correct harassing behavior, including an effective process for investigation of a complaint
5. The essential elements of the district's anti-harassment policy, including the limited confidentiality of the complaint process and resources for victims of unlawful sexual harassment,

such as to whom they should report any alleged sexual harassment, and how to use the policy if a harassment complaint is filed

6. A copy of the district's sexual harassment policy and administrative regulation, which each participant shall acknowledge in writing that he/she has received

7. The definition and prevention of abusive conduct that addresses the use of derogatory remarks, insults, or epithets, other verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, and the gratuitous sabotage or undermining of a person's work performance

8. Practical examples of harassment based on gender identity, gender expression, and sexual orientation

The Superintendent or designee shall retain for at least two years the records of any training provided to supervisory employees. Such records shall include the names of trained employees, date of the training, the type of training, and the name of the training provider. (2 CCR 11024)

Notifications

A copy of the Board policy and this administrative regulation shall: (Education Code 231.5)

1. Be displayed in a prominent location in the main administrative building, district office, or other area of the school where notices of district rules, regulations, procedures, and standards of conduct are posted

2. Be provided to every district employee at the beginning of the first quarter or semester of the school year or whenever a new employee is hired

3. Appear in any school or district publication that sets forth the school's or district's comprehensive rules, regulations, procedures, and standards of conduct

All employees shall receive a copy of an information sheet prepared by the California Department of Fair Employment and Housing (DFEH) or the district that contains, at a minimum, components on: (Government Code 12950)

1. The illegality of sexual harassment

2. The definition of sexual harassment under applicable state and federal law

3. A description of sexual harassment, with examples

4. The district's complaint process available to the employee

5. The legal remedies and complaint process available through DFEH and the Equal Employment Opportunity Commission (EEOC)

6. Directions on how to contact DFEH and the EEOC

7. The protection against retaliation provided by 2 CCR 11021 for opposing harassment prohibited by law or for filing a complaint with or otherwise participating in an investigation, proceeding, or hearing conducted by DFEH and the EEOC

In addition, the district shall post, in a prominent and accessible location, the DFEH poster on discrimination in employment and the illegality of sexual harassment and the DFEH poster regarding transgender rights. (Government Code 12950)

Policy 5145.7: Sexual Harassment

Status: Adopted

Original Adopted Date: 11/27/2012 | **Last Revised Date:** 04/20/2022 | **Last Reviewed Date:** 04/20/2022

The Board of Education is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus to immediately contact the district's Title IX Coordinator/Uniform Complaint Procedure Compliance Officer, their teacher, the principal, or any other available school employee. Any employee who receives a report or observes any incident of sexual harassment shall notify the district's Title IX Coordinator/Uniform Complaint Procedure Compliance Officer and may notify the principal. Any principal who receives a report or observes an incident of sexual harassment shall notify the district Title IX Coordinator/Uniform Complaint Procedure Compliance Officer.

(cf. 5141.4 - Child Abuse Prevention and Reporting)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's website, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information

related to sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence.
2. A clear message that students do not have to endure any form of sexual harassment under any circumstance, including harassment because of sexual orientation.
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained.
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved.
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the victim of the harassment, reporting party, or respondent, shall be addressed consistent with district's Title IX Sexual Harassment Complaint Procedures (AR 5145.71) or Uniform Complaint Procedures (AR 1312.3), as applicable.
6. Information about the district's Title IX Sexual Harassment Complaint Procedures (AR 5145.71) or Uniform Complaint Procedures (AR 1312.3) for addressing reports of sexual harassment, investigating complaints and the person(s) to whom a report of sexual harassment should be made.
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint during the district's investigation of a sexual harassment complaint.
8. A clear message that, the district will implement supportive measures to ensure a safe school environment for students involved consistent with applicable district procedures. When such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Disciplinary Actions

Any student determined to have engaged in the sexual harassment or sexual violence of anyone at school or at a school-sponsored or school-related activity shall be subject to disciplinary action, which may include suspension and/or expulsion, in accordance with applicable law and District procedures. (Education Code 48900, 48900.2, 48915)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Any employee determined to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action up to and including dismissal, in accordance with applicable policies, laws, and/or collective bargaining agreements. Any employee determined to have permitted or failed to report sexual harassment shall be subject to disciplinary action up to and including dismissal.

Employee Assistance Programs

Original Adopted Date: 09/16/2019

The Board of Trustees recognizes that school district employees may have problems which can have detrimental effects upon job performance and student safety. The Board encourages employees to seek help when such problems exist and to take advantage of the resources that are available to assist them.

Employees shall have confidential access to information about the district's employee assistance program. This information shall be available to all employees and their spouses and dependents.

(cf. 3513.3 - Tobacco-Free Schools) (cf. 4020 - Drug and Alcohol-Free Workplace)

(cf. 5131.62 - Tobacco) Management and supervisory staff shall be knowledgeable about the district's employee assistance program and may counsel employees about the program, as appropriate. Participation in the assistance program shall not jeopardize an employee's employment or career advancement, nor will it protect the employee from disciplinary action for substandard job performance.

Uniform Complaint Procedures

The Board of Trustees recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The district shall investigate and seek to resolve any complaints alleging failure to comply with such laws and/or alleging unlawful discrimination, harassment, intimidation, or bullying in accordance with the uniform complaint procedures.

The district shall use the uniform complaint procedures to seek to resolve any complaint alleging unlawful discrimination, harassment, intimidation, or bullying in district programs and activities based on actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code [200](#) or [220](#), Penal Code [422.55](#), or Government Code [11135](#), or based on association with a person or group with one or more of these actual or perceived characteristics.

(cf. [0410](#) - Nondiscrimination in District Programs and Activities)
(cf. [4030](#) - Nondiscrimination in Employment)
(cf. [4031](#) - Complaints Concerning Discrimination in Employment)
(cf. [5131.2](#) - Bullying)
(cf. [5145.3](#) - Nondiscrimination/Harassment)
(cf. [5145.7](#) - Sexual Harassment)

Uniform complaint procedures shall also be used to address any complaint alleging the district's failure to comply with the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs.

(cf. 6178.1 - Work-Based Learning)
(cf. 6178.2 - Regional Occupational Center/Program)
(cf. 6200 - Adult Education)

The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades, or work assignments of the complainant.

The Board encourages the early, informal resolution of complaints at the site level whenever possible.

The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with the uniform complaint procedures, whenever all parties to a complaint agree to try resolving the problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.

In investigating complaints, the confidentiality of the parties involved and the integrity of the process shall be protected. As appropriate for any complaint alleging discrimination, harassment, intimidation, or bullying, the Superintendent or designee may keep the identity of a complainant confidential to the extent that the investigation of the complaint is not obstructed.

(cf. [4119.23/4219.23/4319.23](#) - Unauthorized Release of Confidential/Privileged Information)
(cf. [5125](#) - Student Records)
(cf. [9011](#) - Disclosure of Confidential/Privileged Information)

The district's Williams uniform complaint procedures, AR 1312.4, shall be used to investigate and seek to resolve any complaint related to the following:

1. Sufficiency of textbooks or instructional materials
2. Emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff
3. Teacher vacancies and misassignments

Policy SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT

adopted: March 27, 2013 Canyon Country, California

Sulphur Springs Union School District
Administrative Regulation 1312.3

Uniform Complaint Procedures

Except as the Board of Trustees may otherwise specifically provide in other Board policies, the uniform complaint procedures shall be used only to investigate and seek to resolve complaints alleging violations of federal or state laws or regulations governing specific educational programs, the prohibition against requiring students to pay fees, deposits, or other charges for participating in educational activities, and unlawful discrimination, harassment, intimidation, or bullying, as specified in accompanying Board policy.

(cf. [1312.1](#) - Complaints Concerning District Employees)
(cf. [1312.2](#) - Complaints Concerning Instructional Materials)
(cf. [1312.4](#) - Williams Uniform Complaint Procedures)
(cf. [4031](#) - Complaints Concerning Discrimination in Employment)

The district's uniform complaint procedures policy and administrative regulation shall be posted in all district schools and offices, including staff lounges and student government meeting rooms. If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning uniform complaint procedures shall be translated into that language. (Education Code [234.1](#), [48985](#)) Parent Handbook & Employee Notification Packet

(cf. [5145.6](#) - Parental Notifications)

Compliance Officers

The following compliance officer shall receive and investigate complaints and shall ensure district compliance with law:

Director, Personnel/Pupil Services
27000 Weyerhaeuser Way
Santa Clarita, CA 91351
(661) 252-5131

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

(cf. [9124](#) - Attorney)

Notifications

The Superintendent or designee shall annually provide written notification of the district's uniform complaint procedures to students, employees, parents/guardians, and other interested

parties. (Education Code [262.3](#), [49013](#); 5 CCR [4622](#)) Annual Employee Notification Packet and Student Handbook

(cf. [0420](#) - School Plans/Site Councils)

(cf. [4112.9/4212.9/4312.9](#) - Employee Notifications)
(cf. [5145.6](#) - Parental Notifications)

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable
3. Advise the complainant of the appeal process, including, if applicable, the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies
4. Include statements that:
 - a. The district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs.
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline.
 - c. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying must be filed not later than six months from the date it occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying.
 - d. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 calendar days of receiving the district's decision.
 - e. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision.
 - f. Copies of the district's uniform complaint procedures are available free of charge.

Procedures

All complaints shall be investigated and seek to resolve claim within 60 calendar days of the district's receipt of the complaint. (5 CCR [4631](#))

Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR [4631](#) and [4633](#).

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of the district's alleged noncompliance with federal or state laws or regulations governing educational programs. (5 CCR [4630](#))

A complaint concerning unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation, or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to it. The complaint shall be initiated no later than six months from the date when the alleged discrimination, harassment, intimidation, or bullying occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. However, upon written request by the complainant, the Superintendent or designee may extend the filing period for up to 90 calendar days. (5 CCR [4630](#))

A complaint alleging noncompliance with the law regarding the prohibition against requiring students to pay student fees, deposits, and charges may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance. (Education Code [49013](#))

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR [4600](#))

Step 2: Mediation

Within three business days of receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and sought after resolution of the complaint unless the complainant agrees in writing to such an extension of time. (5 CCR [4631](#))

Step 3: Investigation of Complaint

Within 10 calendar days of receiving the complaint, the compliance officer shall provide the complainant and/or his/her representative an opportunity to present the complaint and any evidence, or information leading to evidence, to support the allegations in the complaint. The compliance officer also shall collect all documents and interview all witnesses with information pertinent to the complaint.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR [4631](#))

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR [4631](#))

Step 4: Response

Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in Step #5 below. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five business days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR [4631](#))

Step 5: Final Written Decision

The district's decision shall be in writing and sent to the complainant. (5 CCR [4631](#))

The district's decision shall be written in English and, when required by Education Code [48985](#), in the complainant's primary language.

For all complaints, the decision shall include: (5 CCR [4631](#))

1. The findings of fact based on the evidence gathered
2. The conclusion(s) of law
3. Disposition of the complaint
4. Rationale for such disposition
5. Corrective actions, if any are warranted
6. Notice of the complainant's right to appeal the district's decision within 15 calendar days to the CDE and procedures to be followed for initiating such an appeal

In addition, any decision concerning a discrimination, harassment, intimidation, or bullying complaint based on state law shall include a notice that the complainant must wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. (Education Code [262.3](#))

If investigation of a complaint results in discipline to a student or an employee, the decision shall simply state that effective action was taken and that the student or employee was informed of district expectations. The report shall not give any further information as to the nature of the disciplinary action.

If a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges is found to have merit, the district shall provide a remedy to all affected students and parents/guardians, which, where applicable, shall include reasonable efforts to ensure full reimbursement to them. (Education Code [49013](#))

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the CDE. (Education Code [49013](#); 5 CCR [4632](#))

The complainant shall file his/her appeal within 15 calendar days of receiving the district's decision and the appeal shall specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district's decision. (5 CCR [4632](#))

Upon notification by the CDE that the complainant has appealed the district's decision, the Superintendent or designee shall forward the following documents to the CDE: (5 CCR [4633](#))

1. A copy of the original complaint
2. A copy of the decision

3. A summary of the nature and extent of the investigation conducted by the district, if not covered by the decision
4. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
5. A report of any action taken to resolve the complaint
6. A copy of the district's uniform complaint procedures
7. Other relevant information requested by the CDE

The CDE may directly intervene in a complaint without waiting for action by the district when one of the conditions listed in 5 CCR [4650](#) exists, including when the district has not taken action within 60 calendar days of the date the complaint was filed with the district. (5 CCR [4650](#))

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For complaints alleging discrimination, harassment, intimidation, and bullying based on state law, a complainant shall wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies, provided the district has appropriately and in a timely manner apprised the complainant of his/her right to file a complaint in accordance with 5 CCR [4622](#). The moratorium does not apply to injunctive relief and to discrimination complaints based on federal law. (Education Code [262.3](#))

Drug and Alcohol-Free Workplace

The Board of Trustees believes that the maintenance of a drug- and alcohol-free workplace is essential to staff and student safety and to help ensure a productive and safe work and learning environment.

(cf. [4112.41/4212.41/4312.41](#) - Employee Drug Testing)

(cf. [4112.42/4212.42/4312.42](#) - Drug and Alcohol Testing for School Bus Drivers)

An employee shall not unlawfully manufacture, distribute, dispense, possess, or use any controlled substance in the workplace. (Government Code [8355](#); 41 USC 701)

Employees are prohibited from being under the influence of controlled substances or alcohol while on duty. For purposes of this policy, on duty means while an employee is on duty during both instructional and noninstructional time in the classroom or workplace, at extracurricular or cocurricular activities, or while transporting students or otherwise supervising them. Under the influence means that the employee's capabilities are adversely or negatively affected, impaired, or diminished to an extent that impacts the employee's ability to safely and effectively perform his/her job.

(cf. [4032](#) - Reasonable Accommodation)

The Superintendent or designee shall notify employees of the district's prohibition against drug use and the actions that will be taken for violation of such prohibition. (Government Code [8355](#); 41 USC 701)

An employee shall abide by the terms of this policy and shall notify the district, within five days, of his/her conviction for violation in the workplace of any criminal drug statute. (Government Code [8355](#); 41 USC 701)

The Superintendent or designee shall notify the appropriate federal granting or contracting agency within 10 days after receiving notification, from an employee or otherwise, of any conviction for a violation occurring in the workplace. (41 USC 701)

In accordance with law and the district's collective bargaining agreements, the Superintendent or designee shall take appropriate disciplinary action, up to and including termination, against an employee for violating the terms of this policy and/or shall require the employee to satisfactorily participate in and complete a drug assistance or rehabilitation program approved by a federal, state, or local public health or law enforcement agency or other appropriate agency.

Drug-Free Awareness Program

The Superintendent or designee shall establish a drug-free awareness program to inform employees about: (Government Code [8355](#); 41 USC 701)

1. The dangers of drug abuse in the workplace
2. The district's policy of maintaining a drug-free workplace
3. Available drug counseling, rehabilitation, and employee assistance programs

Universal Precautions

In order to protect employees from contact with potentially infectious blood or other body fluids, the Board of Trustees requires that universal precautions be observed throughout the district.

Universal precautions are appropriate for preventing the spread of all infectious diseases and shall be used regardless of whether bloodborne pathogens are known to be present.

Policy SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT

Universal Precautions

Definitions

Universal precautions are an approach to infection control. All human blood and certain human body fluids, including but not limited to semen, vaginal secretions and any body fluid that is visibly contaminated with blood, are treated as if known to be infectious for human immunodeficiency virus (HIV), hepatitis B virus (HBV), hepatitis C virus (HCV) and other bloodborne pathogens. (8 CCR [5193\(b\)](#))

Personal protective equipment includes specialized clothing or equipment worn or used for protection against a hazard. General work clothes such as uniforms, pants, shirts or blouses not intended to function as protection against a hazard are not considered to be personal protective equipment. (8 CCR [5193\(b\)](#))

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR [5193\(b\)](#))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR [5193\(b\)](#))

Employee Information

The Superintendent or designee shall distribute to employees information provided by the California Department of Education regarding acquired immune deficiency syndrome (AIDS), AIDS-related conditions, and hepatitis B. This information shall include, but not be limited to, any appropriate methods employees may use to prevent exposure to AIDS and hepatitis B, including information concerning the availability of a vaccine to prevent contraction of hepatitis B, and that the cost of this vaccination may be covered by the health plan benefits of the employees. Information shall be distributed at least annually, or more frequently if there is new information supplied by the California Department of Education. (Health and Safety Code [120875](#), [120880](#))

(cf. [4112.9/4212.9/4312.9](#) - Employee Notifications)

(cf. [4119.42/4219.42/4319.42](#) - Exposure Control Plan for Bloodborne Pathogens)

Infection Control Practices

The Superintendent or designee shall ensure that the worksite is effectively maintained in a clean and sanitary condition, and shall implement an appropriate written schedule for cleaning and decontamination of the worksite. (8 CCR [5193\(d\)](#))

Where occupational exposure remains after the institution of engineering and work practice controls, the Superintendent or designee shall provide appropriate personal protective equipment at no cost to the employee. Such equipment may include gloves, gowns, masks, eye protection, and other devices that do

not permit blood or other potentially infectious materials to pass through or reach the employee's clothes, skin, eyes, mouth or other mucous membranes under normal conditions of use. The Superintendent or designee shall maintain, repair, make accessible and require employees to use and properly handle protective equipment. (8 CCR [5193](#)(d))

The Superintendent or designee shall provide handwashing facilities which are readily accessible to employees. When provision of handwashing facilities is not feasible, the Superintendent or designee shall provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. (8 CCR [5193](#)(d))

For the prevention of infectious disease, employees shall routinely: (8 CCR [5193](#)(d))

1. Perform all procedures involving blood or other potentially infectious materials in such a manner as to minimize splashing, spraying, spattering, and generating droplets of these substances.

2. Use personal protective equipment as appropriate.

- a. Appropriate clothing, including but not limited to, gowns, aprons, lab coats, clinic jackets or similar outer garments, shall be worn in occupational exposure situations.

If a garment becomes penetrated by blood or other potentially infectious materials, the employee shall remove the garment immediately or as soon as feasible. All personal protective equipment shall be removed prior to leaving the work area. When removed, it shall be placed in an appropriately designated area or container for storage, washing, decontamination or disposal.

- b. Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes and nonintact skin, and when handling or touching contaminated items or surfaces.

Disposable gloves shall be replaced as soon as practical when contaminated, or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. They shall not be washed or decontaminated for reuse. Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised, but must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- c. Masks in combination with eye protection devices or face shields shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.

3. Wash hands and other skin surfaces thoroughly with soap and running water:

- a. Immediately or as soon as feasible following contact of hands or any other skin or mucous membranes with blood or other potentially infectious materials

- b. Immediately after removing gloves or other personal protective equipment

When handwashing facilities are not available, the employee shall use antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. In such instances, hands shall be washed with soap and running water as soon as feasible.

4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure.
5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.
6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs or forceps to clean up broken glassware which may be contaminated.
7. Use effective patient-handling techniques and other methods designed to minimize the risk of a sharps injury in all procedures involving the use of sharps in patient care.

(cf. [5141.21](#) - Administering Medication and Monitoring Health Conditions)

(cf. [5141.24](#) - Specialized Health Care Services)

- a. Needleless systems shall be used to administer medication or fluids, withdraw body fluids after initial venous or arterial access is established, and conduct any other procedure involving the potential for an exposure incident for which a needleless system is available as an alternative to the use of needle devices. If needleless systems are not used, needles or non-needle sharps with engineered sharps injury protection shall be used.
- b. Contaminated needles or other sharps shall not be broken, bent, recapped, removed from devices, or stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.
- c. Disposable sharps shall not be reused.

8. Handle, store, treat and dispose of regulated waste in accordance with Health and Safety Code [117600-118360](#) and other applicable state and federal regulations.

- a. Immediately or as soon as possible after use, contaminated sharps shall be placed in containers meeting the requirements of 8 CCR [5193\(d\)\(3\)\(D\)](#). Containers shall be easily accessible, maintained upright throughout use where feasible, and replaced as necessary to avoid overfilling.
- b. Specimens of blood or other potentially infectious material shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport or shipping.

Regulation SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT
approved: June 21, 2006 Canyon Country, California

Sulphur Springs Union School District
Administrative Regulation 3514.2

Integrated Pest Management

Original Adopted Date: 09/16/2019

The Superintendent or designee shall develop and implement an integrated pest management program that incorporates effective least toxic pest management practices.

Integrated pest management is a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. (Food and Agricultural Code 13181)

Procedures

In the control and/or management of pests at district facilities, the Superintendent or designee shall:

1. Carefully monitor and identify the pest and the site of infestation. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property or the environment.
2. Consider a full range of possible alternatives. Such alternatives include not taking any action or controlling the pest by physical, mechanical, chemical, cultural or biological means.
3. Select nonchemical pest management methods over chemical methods, whenever they are effective to provide the desired control. Cost or staffing considerations alone will not be adequate justification for use of chemical control agents.
4. Use the least toxic material when it is determined that a chemical method of pest management must be used. The least toxic material shall be chosen and applied in accordance with law.
5. Limit pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location that is not accessible to students and unauthorized staff, and they shall be stored and disposed of in accordance with state regulations and label directions registered with the Environmental Protection Agency. (cf. 3514.1 - Hazardous Substances)
6. Ensure that persons applying pesticides follow label precautions and are trained in the principles and practices of integrated pest management. (cf. 4231 - Staff Development)

Notification

The Superintendent or designee shall annually notify staff and parents/guardians of students

enrolled at a school site, in writing, regarding pesticide products expected to be applied at the school facility in the upcoming year. The notification shall include at least the following: (Education Code 17612)

1. The Internet address used to access information on pesticides and pesticide use reduction developed by the Department of Pesticide Regulation pursuant to Food and Agricultural Code 13184.
2. The name of each pesticide product expected to be applied in the upcoming year and the active ingredient(s) in it.
3. An opportunity for interested persons to register to receive notification of individual pesticide application at the school site. The Superintendent or designee shall notify such registered persons of individual pesticide applications at least 72 hours prior to the application.
4. Other information deemed necessary by the Superintendent or designee.

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

(cf. 5145.6 - Parental Notifications)

If a pesticide product not included in the annual notification is subsequently intended for use at the school site, the Superintendent or designee shall provide written notification of its intended use to staff and parents/guardians of students enrolled at the school, at least 72 hours prior to the application. (Education Code 17612)

Posting of Warning Signs

The Superintendent or designee shall post a warning sign at each area of the school site where pesticides will be applied, at least 24 hours prior to the application and until 72 hours after the application. The warning sign shall display the following: (Education Code 17612)

1. The term "Warning/Pesticide Treated Area".
2. The product name, manufacturer's name, and the Environmental Protection Agency's product registration number.
3. Intended areas and dates of application.
4. Reason for the pesticide application.

Notification During Emergency Conditions

Whenever the Superintendent or designee deems that the immediate use of a pesticide is necessary to protect the health and safety of students, staff, or other persons, or the school site, he/she shall make every effort to provide the required notifications prior to the application of a

pesticide. In such a case, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application. (Education Code 17609, 17612)

(cf. 3514 -Environmental Safety)

Records

Each school site shall maintain records of all pesticide use at the school for four years, and shall make the information available to the public, upon request, in accordance with the California Public Records Act. Such records may be maintained by retaining a copy of the warning sign posted for each pesticide application with a recording of the amount of the pesticide used.

(Education Code 17611) (cf. 3580 - District Records)

Environmental Safety

The Board of Trustees recognizes its obligation to provide a safe and healthy environment at school facilities for students, staff, and community members. The Superintendent or designee shall regularly assess school facilities to identify environmental health risks. He/she shall establish a comprehensive plan to prevent and/or mitigate environmental hazards based on a consideration of the proven effectiveness of various options, anticipated short-term and long-term costs and/or savings to the district, and the potential impact on staff attendance, student attendance, and student achievement.

(cf. [5030](#) - Student Wellness)
(cf. [5142](#) - Safety)
(cf. [7111](#) - Evaluating Existing Buildings)

Strategies addressed in the district's plan shall include, but not necessarily be limited to, the following:

1. Ensuring good indoor air quality by maintaining adequate ventilation; using effective maintenance operations to reduce dust, mold, mildew, and other indoor air contaminants; and considering air quality in the site selection, design, and furnishing of new or remodeled facilities

(cf. [3540](#) - Transportation)
(cf. [3541.1](#) - Transportation for School-Related Trips)
(cf. [3542](#) - School Bus Drivers)

4. Minimizing exposure to lead in paint, soil, and drinking water

5. Inspecting facilities for naturally occurring asbestos and asbestos-containing building materials that pose a health hazard due to damage or deterioration and safely removing, encapsulating, enclosing, or repairing such materials

6. Ensuring the proper storage, use, and disposal of potentially hazardous substances

(cf. [3514.1](#) - Hazardous Substances)
(cf. [6161.3](#) - Toxic Art Supplies)

7. Ensuring the use of effective least toxic pest management practices

(cf. [3514.2](#) - Integrated Pest Management)

8. Instituting a food safety program for the storage, preparation, delivery, and service of school meals in order to reduce the risk of foodborne illnesses

(cf. [3550](#) - Food Service/Child Nutrition Program)

In developing strategies to promote healthy school environments, the Superintendent or designee may consult and collaborate with local environmental protection agencies, health agencies, and other community organizations.

(cf. [1020](#) - Youth Services)

The Superintendent or designee shall provide the district's maintenance and facilities staff, bus drivers, food services staff, teachers, and other staff as appropriate with professional development regarding their responsibilities in implementing strategies to improve and maintain environmental safety at the schools.

(cf. [4131](#) - Staff Development)
(cf. [4231](#) - Staff Development)
(cf. [4331](#) - Staff Development)

The Superintendent or designee shall notify the Board, staff, parents/guardians, students, and/or governmental agencies, as appropriate, if an environmental hazard is discovered at a school site. The notification shall provide information about the district's actions to remedy the hazard and may recommend health screening of staff and students.

Policy SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT

adopted: February 25, 2009 Canyon Country, California

Sulphur Springs Union School District
Administrative Regulation 3514

Environmental Safety

The Superintendent may designate and train one or more employees to oversee and coordinate the district's environmental safety program(s). The responsibilities of the coordinator(s) shall include, but are not limited to, overseeing assessments of district facilities, recommending strategies for the prevention and mitigation of environmental health risks, ensuring effective implementation of environmental safety strategies, and reporting to the Superintendent regarding the district's progress in addressing environmental safety concerns.

(cf. [7111](#) - Evaluating Existing Buildings)
(cf. [7150](#) - Site Selection and Development)

Indoor Air Quality

In order to provide proper ventilation, humidity, and temperature in school facilities and to reduce indoor air contaminants, the Superintendent or designee shall ensure that the following strategies are implemented:

1. Mechanically driven heating, ventilation, and air conditioning systems shall be operated continuously during working hours except under the circumstances specified in 8 CCR [5142](#). The systems shall be inspected at least annually and problems corrected within a reasonable time. Where the air supply is filtered, the filters shall be replaced or cleaned regularly to prevent significant reductions in airflow. Documentation of inspections, tests of ventilation rates, and maintenance shall be retained for at least five years. (8 CCR [5142-5143](#))

(cf. [3580](#) - District Records)

Staff shall ensure that airflow is not obstructed by the blocking of ventilators with posters, furniture, books, or other obstacles.

2. School facilities shall be regularly inspected for water damage, spills, leaks in plumbing and roofs, poor drainage, and improper ventilation so as to preclude the buildup of mold and mildew. Wet building materials and furnishings shall be dried within 48 hours if possible to prevent mold growth. When evidence of mold or mildew is found, maintenance staff shall locate and repair the source of water intrusion and remove or clean moldy materials.

3. Exterior wall and foundation cracks and openings shall be sealed as soon as possible to

minimize seepage of radon into buildings from surrounding soils.

4. Least toxic pest management practices shall be used to control and manage pests at school sites.

(cf. [3514.2](#) - Integrated Pest Management)

5. In any new school construction, and in all existing schools when feasible, the Superintendent or designee shall install a carbon monoxide detector in each school building that contains a fossil fuel burning furnace. The device shall be placed in close proximity to the furnace in order to accurately detect any leakage of carbon monoxide.

6. Schedules and practices for routine housekeeping and maintenance shall be designed to effectively reduce levels of dust, dirt, and debris. Plain water, soap and water, or low-emission cleaning products shall be used whenever possible. Aerosols, including air fresheners and other products containing ozone, shall be avoided to the extent possible.

(cf. [5141.23](#) - Asthma Management)

7. Painting of school facilities and maintenance or repair duties that require the use of potentially harmful substances shall be limited to those times when school is not in session. Following any such activity, the facility shall be properly ventilated with adequate time allowed prior to reopening for use by any person.

8. Paints, adhesives, and solvents shall be used and stored in well-ventilated areas. These items shall be purchased in small quantities to avoid storage exposure.

(cf. [3514.1](#) - Hazardous Substances)

(cf. [6161.3](#) - Toxic Art Supplies)

9. To the extent possible, printing and duplicating equipment that may generate indoor air pollutants, such as methyl alcohol or ammonia, shall be placed in locations that are well ventilated and not frequented by students and staff.

10. The district's tobacco-free schools policy shall be consistently enforced in order to reduce the health risks caused by second-hand smoke.

(cf. [3513.3](#) - Tobacco-Free Schools)

11. Staff and students shall refrain from bringing common irritants such as furred or feathered animals, stuffed toys that may collect dust mites, scented candles, incense, or air fresheners and from using perfume or cologne, scented lotion or hair spray, nail polish or nail polish remover, or other personal care products that are not fragrance-free in classrooms or other enclosed areas or buildings.

(cf. [6163.2](#) - Animals at School)

Outdoor Air Quality

The Superintendent or designee may monitor local health advisories and outdoor air quality alerts, including forecasts of ozone levels, particle pollution, and/or ultraviolet radiation levels.

Whenever these measures indicate a significant health risk, the Superintendent or designee shall communicate with each principal so that outdoor activities, especially those requiring prolonged or heavy exertion, may be avoided, limited in duration, or modified as necessary for all persons or for persons who may be particularly susceptible to the health risk involved.

(cf. 5141.7 - Sun Safety)

(cf. [6142.7](#) - Physical Education and Activity)

(cf. [6145](#) - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

Vehicle Emissions

In order to reduce public exposure to toxic air contaminants, school bus drivers and other drivers of commercial motor vehicles shall limit unnecessary idling of vehicles at or near schools in accordance with 13 CCR [2480](#).

(cf. [3540](#) - Transportation)

(cf. [3541.1](#) - Transportation for School-Related Trips)

(cf. [3542](#) - School Bus Drivers)

Any diesel-fueled school bus with a gross vehicle weight rating over 14,000 pounds manufactured on or after April 1, 1977 shall be equipped with a particulate filter designed to reduce particulate matter emissions, oxides of nitrogen emissions, and other pollutants. (13 CCR 2025)

Lead Exposure

In addition to keeping school facilities as dust-free and clean as possible, the following steps shall be taken to minimize potential exposure to lead in school facilities:

1. Lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall not be used in the construction of any new school facility or the modernization or renovation of any existing school facility. (Education Code [32244](#))
2. Lead exposure hazards shall be evaluated before any renovation or remodeling is begun, and children shall not be allowed in or near buildings in which these activities may create lead dust. Contractors and workers shall comply with state and federal standards related to the handling and disposal of lead debris and the clean-up and containment of dust within the construction area.
3. Lead-based painted surfaces that are in good condition shall be kept intact. If lead-based paint is peeling, flaking, or chalking, contractors or workers shall follow state and federal standards for

safe work practices to minimize contamination when removing the paint.

4. Soil with high lead content may be covered with grass, other plantings, concrete, or asphalt.

5. Whenever testing of drinking water finds concentrations of lead that exceed federal and state standards in 40 CFR [141.80](#) and 22 CCR [64678](#), or levels of other contaminants are determined to be a concern, water outlets shall be flushed thoroughly each day before use or made inoperable until a plan for remediation can be implemented. Alternate sources of drinking water may be supplied, as appropriate. Drinking fountains in district schools shall be regularly cleaned and maintained to avoid the presence of impurities or health concerns.

Any action to abate existing lead hazards, excluding containment or cleaning, shall be taken only by contractors, inspectors, and workers certified by the California Department of Public Health in accordance with 17 CCR [35001-35099](#). (Education Code [32243](#))

Mercury Exposure

The Superintendent or designee shall identify any products containing mercury that are present in district facilities and, to the extent possible, shall replace them with mercury-free alternatives.

Staff shall receive information about proper procedures to follow in the event of a mercury spill. Clean-up instructions, a clearly labeled kit with necessary clean-up supplies, and a list of local resources shall be readily accessible.

In the event of a spill, staff shall evacuate all students from the immediate area of the spill, ensure that any clothing or other items with mercury on them remain in the room, open windows to the outside, and close doors to other parts of the school. Staff who are trained in proper clean-up procedures may carefully clean a small spill. As needed for larger or difficult-to-clean spills, the Superintendent or designee shall use an experienced professional referred by the local health department or environmental agency.

Any products containing mercury shall be properly disposed at an appropriate hazardous waste collection facility.

Asbestos Management

The Superintendent shall designate an employee who shall ensure that the district's responsibilities related to asbestos inspection and abatement are implemented in accordance with federal and state regulations. This employee shall receive adequate training to perform these duties, including, as necessary, training on the health effects of asbestos; detection, identification, and assessment of asbestos-containing materials; options for controlling asbestos-containing building materials; and relevant federal and state regulations. (40 CFR [763.84](#))

(cf. [4231](#) - Staff Development)

(cf. [4331](#) - Staff Development)

The designated employee shall ensure that the district complies with the following requirements:

1. School facilities shall be inspected for asbestos-containing materials as necessary in accordance with the following:
 - a. Any school building that is leased or acquired by the district shall be inspected for asbestos-containing materials prior to its use as a school building, unless exempted by federal regulations. (40 CFR [763.85](#), [763.99](#))
 - b. At least once every six months, the district shall conduct a periodic surveillance consisting of a visual inspection of each school building that contains or is assumed to contain asbestos-containing building materials. (40 CFR [763.92](#))
 - c. At least once every three years, the district shall conduct a re-inspection of all known or assumed asbestos-containing building materials in each school building. (40 CFR [763.85](#))
2. Based on the results of the inspection, an appropriate response which is sufficient to protect human health and the environment shall be determined from among the options specified in 40 CFR [763.90](#). The district may select the least burdensome response, taking into consideration local circumstances, including occupancy and use patterns within the school building and economic concerns such as short-term and long-term costs. (40 CFR [763.90](#))
3. An asbestos management plan for each school site shall be maintained and regularly updated to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities. (15 USC [2643](#); 40 CFR [763.93](#))

The asbestos management plan shall be available for inspection in district and school offices during normal business hours. Parent/guardian, teacher, and employee organizations shall be annually informed of the availability of these plans. (40 CFR [763.84](#))

(cf. [4112.9/4212.9/4312.9](#) - Employee Notifications)
(cf. [5145.6](#) - Parental Notifications)

4. Staff, students, and parents/guardians shall be informed at least once each school year about any inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities, that are planned or in progress. (40 CFR [763.84](#))
5. Inspections, re-inspections, periodic surveillance, and response actions, including operations and maintenance, shall be conducted in compliance with state and federal regulations for the protection and safety of workers and all other individuals. (Education Code [49410.5](#); 40 CFR [763.84](#))

Asbestos inspection and abatement work and any maintenance activities that may disturb asbestos-containing building materials, except for emergency repairs or small-scale, short-duration maintenance activities, shall be completed by state-certified asbestos inspectors or contractors. (15 USC [2646](#); 40 CFR [763.84](#), [763.85](#), [763.91](#))

6. All custodial and maintenance employees shall be properly trained in accordance with applicable federal and/or state regulations. (40 CFR [763.84](#))

All district maintenance and custodial staff who may work in a building that contains asbestos-containing materials, regardless of whether they are required to work with such materials, shall receive at least two hours of related asbestos awareness training. New maintenance and custodial staff shall receive such training within 60 days after beginning employment. Any maintenance or custodial staff who conduct activities that will disturb asbestos-containing materials shall receive 14 hours of additional training. The trainings shall address the topics specified in 40 CFR [763.92](#). (15 USC [2655](#); 40 CFR [763.84](#), [763.92](#))

7. Short-term workers, such as telephone repair workers, utility workers, or exterminators, who may come in contact with asbestos in a school shall be provided information regarding the locations of known or suspected asbestos-containing building materials. (40 CFR [763.84](#))

8. Warning labels shall be posted immediately adjacent to any known or suspected asbestos-containing building material located in routine maintenance areas in accordance with 40 CFR [763.95](#). (40 CFR [763.84](#))

The district shall maintain, in both the district and school offices and for a period of three years, records pertaining to each preventive measure and response action taken; staff training; periodic surveillances conducted; cleaning, operations, and maintenance activities; and any fiber release episode. (40 CFR [763.94](#))

Regulation SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT
approved: January 8, 2014 Canyon Country, California

Exposure Control Plan for Bloodborne Pathogens

As part of its commitment to provide a safe and healthful work environment, the Board of Trustees recognizes the importance of developing an exposure control plan. The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace to protect employees from possible infection due to contact with bloodborne pathogens, including but not limited to hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV).

(cf. [4119.43/4219.43/4319.43](#) - Universal Precautions)

(cf. [4157/4257/4357](#) - Employee Safety)

The Superintendent or designee shall determine which employees have occupational exposure to bloodborne pathogens and other potentially infectious materials. In accordance with the district's exposure control plan, employees having occupational exposure shall be offered the hepatitis B vaccination.

The Superintendent or designee may exempt designated first aid providers from pre-exposure hepatitis B vaccination under the conditions specified by state regulations. (8 CCR [5193](#)(f))

Any employee not identified by the Superintendent or designee as having occupational exposure may submit a request to the Superintendent or designee to be included in the training and hepatitis B vaccination program. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with any infectious material.

Exposure Control Plan For Bloodborne Pathogens

Definitions

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR [5193\(b\)](#))

Exposure incident means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious materials that result from the performance of an employee's duties. (8 CCR [5193\(b\)](#))

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts, and abrasions. (8 CCR [5193\(b\)](#))

A sharp is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR [5193\(b\)](#))

A sharps injury is any injury caused by a sharp, including but not limited to cuts, abrasions or needlesticks. (8 CCR [5193\(b\)](#))

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed. (8 CCR [5193\(b\)](#))

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the bloodborne pathogens hazard from the workplace. (8 CCR [5193\(b\)](#))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR [5193\(b\)](#))

Exposure Control Plan

The district's exposure control plan shall contain at least the following components: (8 CCR [5193\(c\)](#))

1. A determination of which employees have occupational exposure to blood or other potentially infectious materials

The district's exposure determination shall be made without regard to the use of personal protective equipment and shall include a list of:

- a. All job classifications in which all employees have occupational exposure

- b. Job classifications in which some employees have occupational exposure
 - c. All tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure occurs and which are performed by employees listed in item #b above
2. The schedule and method of implementing:
- a. Methods of compliance required by 8 CCR [5193](#)(d), such as universal precautions, general and specific engineering and work practice controls, and personal protective equipment

(cf. [4119.43/4219.43/4319.43](#) - Universal Precautions)

- b. Hepatitis B vaccination
 - c. Bloodborne pathogen post-exposure evaluation and follow-up
 - d. Communication of hazards to employees, including labels, signs, information and training
 - e. Recordkeeping
3. The district's procedure for evaluating circumstances surrounding exposure incidents
4. An effective procedure for gathering information about each exposure incident involving a sharp, as required for the log of sharps injuries
5. An effective procedure for periodically determining the frequency of use of the types and brands of sharps involved in exposure incidents documented in the sharps injury log
6. An effective procedure for identifying currently available engineering controls and selecting such controls as appropriate for the procedures performed by employees in their work areas or departments
7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in a patient's care determines, in the reasonable exercise of clinical judgment, that the use of an engineering control would jeopardize an individual's safety or the success of a medical, dental or nursing procedure involving the individual
8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to: (8 CCR [5193](#)(c))

- 1. Reflect new or modified tasks and procedures affecting occupational exposure

2. To the extent that sharps are used in the district, reflect progress in implementing the use of needleless systems and sharps with engineered sharps injury protection
3. Include new or revised employee positions with occupational exposure
4. Review and evaluate the exposure incidents which occurred since the previous update
5. Review and respond to information indicating that the exposure control plan is deficient in any area

The district's exposure control plan shall be accessible to employees upon request. (8 CCR [3204\(e\)](#))

Preventive Measures

The Superintendent or designee shall use engineering and work practice controls to eliminate or minimize employee exposure, and shall regularly examine and update controls to ensure their effectiveness. (8 CCR [5193\(d\)](#))

Hepatitis B Vaccination

The hepatitis B vaccination and vaccination series shall be made available at no cost to all employees who have occupational exposure. The hepatitis B vaccination shall be made available after an employee with occupational exposure has received the required training and within 10 working days of initial assignment, unless the employee has previously received the complete hepatitis B vaccination series, or antibody testing has revealed that the employee is immune, or vaccination is contraindicated by medical reasons. (8 CCR [5193\(f\)](#))

Employees who decline to accept the vaccination shall sign the hepatitis B declination statement. (8 CCR [5193\(f\)](#))

The Superintendent or designee may exempt designated first aid providers from the pre-exposure hepatitis B vaccine in accordance with 8 CCR [5193 \(f\)](#).

Information and Training

The Superintendent or designee shall ensure that all employees with occupational exposure participate in a training program containing the elements required by state regulations, during working hours and at no cost to the employee. This program shall be offered at the time of initial assignment to tasks where occupational exposure may take place, at least annually thereafter, and whenever a change of tasks or procedures affects the employee's exposure. (8 CCR [5193\(g\)](#))

Designated first aid providers shall receive training that includes the specifics of reporting first-aid incidents which involve blood or body fluids which are potentially infectious. (8 CCR [5193\(g\)](#))

Reporting Incidents

All exposure incidents shall be reported as soon as possible to the Superintendent or designee.

Unvaccinated designated first aid providers must report any first aid incident involving the presence of blood or other potentially infectious material, regardless of whether an exposure incident occurred, by the end of the work shift. The full hepatitis B vaccination series shall be made available to such employees no later than 24 hours after the first aid incident. (8 CCR [5193\(f\)](#))

Sharps Injury Log

The Superintendent or designee shall establish and maintain a log recording each exposure incident involving a sharp. The exposure incident shall be recorded within 14 working days of the date the incident is reported to the district. (8 CCR [5193\(c\)](#))

The information recorded shall include the following, if known or reasonably available: (8 CCR [5193\(c\)](#))

1. Date and time of the exposure incident
2. Type and brand of sharp involved in the exposure incident
3. A description of the exposure incident, including:
 - a. Job classification of the exposed employee
 - b. Department or work area where the exposure incident occurred
 - c. The procedure that the exposed employee was performing at the time of the incident
 - d. How the incident occurred
 - e. The body part involved in the incident
 - f. If the sharp had engineered sharps injury protection, whether the protective mechanism was activated and whether the injury occurred before, during or after the protective mechanism was activated
 - g. If the sharp had no engineered sharps injury protection, the injured employee's opinion as to whether and how such a mechanism could have prevented the injury
 - h. The employee's opinion about whether any other engineering, administrative or work practice could have prevented the injury

Post-Exposure Evaluation and Follow-up

Following a report of an exposure incident, the Superintendent or designee shall immediately make available to the exposed employee, at no cost, a confidential medical evaluation, post-exposure evaluation and follow-up. The Superintendent or designee shall, at a minimum: (8 CCR [5193\(f\)](#))

1. Document the route(s) of exposure and the circumstances under which the exposure incident occurred
2. Identify and document the source individual, unless that identification is infeasible or prohibited by law
3. Provide for the collection and testing of the employee's blood for hepatitis B, hepatitis C and HIV serological status
4. Provide for post-exposure prophylaxis, when medically indicated, as recommended by the U.S. Public Health Service
5. Provide for counseling and evaluation of reported illnesses

The Superintendent or designee shall provide the health care professional with a copy of 8 CCR [5193](#); a description of the employee's duties as they relate to the exposure incident; documentation of the route(s) of exposure and circumstances under which exposure occurred; results of the source individual's blood testing, if available; and all medical records maintained by the district relevant to the appropriate treatment of the employee, including vaccination status. (8 CCR [5193\(f\)](#))

The district shall maintain the confidentiality of the affected employee and the exposure source during all phases of the post-exposure evaluation. (8 CCR [5193\(f\)](#))

(cf. [4119.23/4219.23/4319.23](#) - Unauthorized Release of Confidential/Privileged Information)
(cf. [9011](#) - Disclosure of Confidential/Privileged Information)

Records

Upon an employee's initial employment and at least annually thereafter, the Superintendent or designee shall inform employees with occupational exposure of the existence, location and availability of related records; the person responsible for maintaining and providing access to records; and the employee's right of access to these records. (8 CCR [3204](#))

(cf. [1340](#) - Access to District Records)
(cf. [3580](#) - District Records)

Medical records for each employee with occupational exposure shall be kept confidential and not disclosed or reported without the employee's written consent to any person within or outside the

workplace except as required by law. (8 CCR [5193](#)(h))

Upon request by an employee, or a designated representative with the employee's written consent, the Superintendent or designee shall provide access to a record in a reasonable time, place and manner, no later than 15 days after the request is made. (8 CCR [3204](#)(e))

Records shall be maintained as follows: (8 CCR [3204](#)(d), 5193(h))

1. Medical records shall be maintained for the duration of employment plus 30 years.
2. Training records shall be maintained for three years from the date of training.
3. The sharps injury log shall be maintained five years from the date the exposure incident occurred.
4. Exposure records shall be maintained for at least 30 years.
5. Each analysis using medical or exposure records shall be maintained for at least 30 years.

(cf. [5142](#) - Safety)
(cf. [6161.3](#) - Toxic Art Supplies)

Insofar as reasonably possible, the Superintendent or designee shall minimize the quantities of hazardous substances stored and used on school property. When hazardous substances must be used, the Superintendent or designee shall give preference to materials that cause the least risk to people and the environment.

(cf. [3510](#) - Green School Operations)
(cf. [3514.2](#) - Integrated Pest Management)

The Superintendent or designee shall ensure that all potentially hazardous substances on district properties are inventoried, used, stored, and regularly disposed of in a safe and legal manner.

The Superintendent or designee shall develop, implement, and maintain a written hazard communication program in accordance with 8 CCR [5194](#) and shall ensure that employees, students, and others as necessary are fully informed about the properties and potential hazards of substances to which they may be exposed.

(cf. [1240](#) - Volunteer Assistance)

The Superintendent or designee shall develop specific measures to ensure the safety of students and staff in school laboratories where hazardous chemicals are used. Such measures shall include the development and implementation of a chemical hygiene plan in accordance with 8 CCR [5191](#).

(cf. [6142.93](#) - Science Instruction)

Teachers shall instruct students about the importance of proper handling, storage, disposal, and protection when using any potentially hazardous substance.

Policy SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT

adopted: September 11, 2013 Canyon Country, California

Hazardous Substances

Hazardous substance means a substance, material, or mixture which is likely to cause illness or injury by reason of being explosive, flammable, poisonous, corrosive, oxidizing, an irritant, or otherwise harmful. Hazardous substances, as identified by the Department of Industrial Relations, are listed in 8 CCR 339. (8 CCR 339, 5161)

Storage and Disposal of Chemicals

The Superintendent or designee shall adopt measures to ensure that hazardous substances on any district property are stored and disposed of properly in accordance with law. Such measures shall include, but are not limited to, the following: (8 CCR 5164)

1. Substances which react violently or evolve toxic vapors or gases when mixed, or which in combination become toxic, flammable, explosive, or otherwise hazardous, shall be separated from each other in storage by distance, partitions, secondary containment, or otherwise so as to preclude accidental contact between them.
2. Hazardous substances shall be stored in containers which are chemically inert to and appropriate for the type and quantity of the hazardous substance.
3. Containers of hazardous substances shall not be stored in such locations or manner as to result in physical damage to or deterioration of the container or where they are exposed to heat sufficient to rupture the container or to cause leakage.
4. Containers used to package a substance which gives off toxic, poisonous, corrosive, asphyxiant, suffocant, or anesthetic fumes, gases, or vapors in hazardous amounts, excluding small quantities of such materials kept in closed containers or materials kept in tank cars or trucks, shall not be stored in locations where it could be reasonably anticipated that persons would be exposed.

(cf. [3514](#) - Environmental Safety)

The Superintendent or designee shall regularly remove and dispose of all chemicals whose estimated shelf life has elapsed. (Education Code [49411](#))

Hazard Communication Program

The district's written hazard communication program shall include at least the components listed below and shall be available upon request to all employees and their designated representatives. The program shall apply to any hazardous substance which is known to be present in the workplace in such a manner that employees may be exposed under normal conditions of use or in a reasonably foreseeable emergency resulting from workplace operations. (8 CCR [5194](#))

1. Container Labeling

No container of hazardous substance, unless exempted by law, shall be accepted by the district or any district school unless labeled, tagged, or marked by the supplier with the identity of the hazardous substance, hazard warning statements, and the name and address of the chemical manufacturer or importer. No label on an incoming container shall be removed or intentionally defaced unless the container is immediately marked with the required information.

Whenever hazardous substances are transferred from their original containers to other containers, the secondary containers shall likewise be labeled with the identity and hazard warning statement, unless the substances are intended only for the immediate use of the employee who performs the transfer.

2. Safety Data Sheets

Upon receiving a hazardous substance or mixture, the Superintendent or designee shall ensure that the manufacturer or importer has furnished a safety data sheet (SDS) as required by law. If the SDS is missing or obviously incomplete, the Superintendent or designee shall, within seven working days of noting the missing or incomplete information, request a new SDS from the manufacturer or importer. If a response is not received within 25 working days, the Superintendent or designee shall send a copy of the district's written inquiry to the California Occupational Safety and Health Division (Cal/OSHA). (8 CCR [5194](#))

The Superintendent or designee shall maintain the required SDS for each hazardous substance in the workplace and shall ensure that it is readily accessible to employees in their work area during working hours. The SDS may be maintained in paper copy, electronically, or through other means, provided that employees have immediate access and understand how to use the alternative system.

3. Employee Information and Training

Employees shall receive information and training on hazardous substances in their work area at the time of their initial assignment and whenever a new hazard is introduced into their work area. The information and training shall include, but are not limited to, the following topics: (8 CCR [5194](#))

- a. The requirements of 8 CCR [5194](#), including employee rights described therein
- b. The location and availability of the district's written hazard communication program, including the list of hazardous materials and all SDS
- c. Any operations in the work area where hazardous substances are present
- d. The physical and health effects of the hazardous substances in the work area
- e. Methods and observations that may be used to detect the presence or release of hazardous substances in the work area
- f. Measures that employees can take to protect themselves from exposure to hazardous substances,

including specific procedures the district has implemented to protect employees, such as appropriate work practices, emergency procedures, and personal protective equipment to be used

g. How to read and use the labels and SDS

(cf. [4112.9/4212.9/4312.9](#) - Employee Notifications)

(cf. [4131](#) - Staff Development)

(cf. [4231](#) - Staff Development)

(cf. [4331](#) - Staff Development)

4. List of Hazardous Substances

The written hazard communication program shall include a list of the hazardous substances known to be present in the workplace as a whole or for individual work areas. (8 CCR [5194](#))

5. Hazardous Nonroutine Tasks

When employees are required to perform hazardous nonroutine tasks or to work on unlabeled pipes that contain hazards, they shall first receive information about the specific hazards to which they may be exposed during this activity and the protective/safety measures which must be used, such as ventilation, respirators, other personal protective equipment, and/or the presence of another employee. They shall also receive information about emergency procedures to follow if accidentally exposed to the hazardous substance.

6. Information to Contractors

To ensure that outside contractors and their employees work safely in district facilities, the Superintendent or designee shall inform contractors of hazardous substances which are present on the site and precautions that they may take to lessen the possibility of exposure. It shall be the contractor's responsibility to disseminate this information to his/her employees and subcontractors.

Chemical Hygiene Plan

The district's chemical hygiene plan shall address exposure to hazardous chemicals in school laboratories and shall include the following components: (8 CCR [5191](#))

1. Standard operating procedures relevant to safety and health considerations to be followed when laboratory work involves the use of hazardous chemicals

2. Criteria that the district will use to determine and implement control measures to reduce exposure to hazardous chemicals, including engineering controls, the use of personal protective equipment, and hygiene practices

3. A requirement that protective equipment comply with state regulations and that specific measures be taken to ensure proper and adequate performance of such equipment

4. Provision of specified information at the time of an employee's initial assignment to a work area where hazardous chemicals are present and prior to assignments involving new exposure situations
5. Provision of specified employee training in accordance with the schedule determined by the Superintendent or designee
6. The circumstances under which a particular laboratory operation, procedure, or activity shall require prior approval of the Superintendent or designee before implementation
7. Provisions for medical consultations and examinations whenever there is evidence, as specified, that the employee may have been exposed to a hazardous chemical
8. Designation of an employee, who is qualified by training or experience, to serve as the district's chemical hygiene officer to provide technical guidance in the development and implementation of the chemical hygiene plan
9. Provisions for additional employee protection for work with particularly hazardous substances, as specified

The plan shall be readily available to employees and employee representatives, and, upon request, to Cal/OSHA. (8 CCR [5191](#))

The Superintendent or designee shall review and evaluate the effectiveness of the chemical hygiene plan at least annually and shall update it as necessary. (8 CCR [5191](#))

Regulation SULPHUR SPRINGS UNION ELEMENTARY SCHOOL DISTRICT
approved: September 11, 2013 Canyon Country, California

Sulphur Springs School District
Board Policy 3513.3

Tobacco-Free Schools

The Board of Trustees recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with district goals to provide a healthy environment for students and staff.

(cf. 3514 - Environmental Safety)
(cf. 4159/4259/4359 - Employee Assistance Programs)
(cf. 5030 - Student Wellness)
(cf. 5131.62 - Tobacco)
(cf. 5141.23 - Asthma Management)
(cf. 6142.8 - Comprehensive Health Education)
(cf. 6143 - Courses of Study)

The Board prohibits smoking and/or the use of tobacco products at any time in district-owned or leased buildings, on district property, and in district vehicles. (Health and Safety Code 104420, 104559)

These prohibitions apply to all employees, students, and visitors at any school- sponsored instructional program, activity, or athletic event held on or off district property. Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

(cf. 1330 - Use of School Facilities)
(cf. 1330.1 - Joint Use Agreements)

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking. (Business and Professions Code 22950.5; Education Code 48901)

Tobacco products include: (Business and Professions Code 22950.5; Education Code 48901)

1. Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to, cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, or snuff
2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah
3. Any component, part, or accessory of a tobacco product, whether or not sold separately

This policy does not prohibit the use or possession of prescription products and other cessation aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patch or gum.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited. (Health and Safety Code 104495)

Sulphur Springs Union School District
Administrative Regulation 3513.3

Tobacco-Free Schools

Notifications

Information about the district's tobacco-free schools policy and enforcement procedures shall be communicated clearly to employees, parents/guardians, students, and the community. (Health and Safety Code 104420)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)
(cf. 5145.6 - Parental Notifications)

The Superintendent or designee may disseminate this information through annual written notifications, district and school web sites, student and parent handbooks, and/or other appropriate methods of communication.

(cf. 1113 - District and School Web Sites)

The Superintendent or designee shall ensure that signs stating "Tobacco use is prohibited" are prominently displayed at all entrances to school property. (Health and Safety Code 104420, 104559)

Enforcement/Discipline

Any employee or student who violates the district's tobacco-free schools policy shall be asked to refrain from smoking and shall be subject to disciplinary action as appropriate.

(cf. 4118 - Suspension/Disciplinary Action)
(cf. 4218 - Dismissal/Suspension/Disciplinary Action)
(cf. 5144 - Discipline)
(cf. 5144.1 - Suspension and Expulsion/Due Process)

Any other person who violates the district's policy on tobacco-free schools shall be informed of the district's policy and asked to refrain from smoking. If the person fails to comply with this request, the Superintendent or designee may:

1. Direct the person to leave school property
2. Request local law enforcement assistance in removing the person from school premises
3. If the person repeatedly violates the tobacco-free schools policy, prohibit him/her from entering district property for a specified period of time

(cf. 1250 - Visitors/Outsiders)

(cf. 3515.2 - Disruptions)

The Superintendent or designee shall not be required to physically eject a nonemployee who is smoking or to request that the nonemployee refrain from smoking under circumstances involving a risk of physical harm to the district or any employee. (Labor Code 6404.5)
