School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Pinetree Community School	19-65045	May 25, 2023	June 14, 2023

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

- Schoolwide Program
- Additional Targeted Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Pinetree Community School provides an exceptional education that addresses students' unique learning styles, cultivates critical thinking skills, builds strong character, and enables our students to contribute to their communities in meaningful and positive ways. Pinetree Community School has been identified for Additional Targeted Support and Improvement (ATSI) based on the 2022 Dashboard due to English Learner (EL) and Students with Disabilities (SWD) receiving all indicators at the lowest status level but one indicator at another status level.

The School Plan for Student Achievement (SPSA) is a site plan that describes the actions and strategies that will be implemented at Pinetree Community School based on the analysis of quantifiable and qualitative data. This plan will focus on improving student outcomes, student engagement, school climate, and the involvement of parents, families, and the school community. The SPSA is aligned with the Sulphur Springs Union School District Local Control Accountability Plan (LCAP) and our measurable student outcomes are in support of those goals that are outlined in the LCAP, as well as through metrics and targets for improvement. The SPSA is developed in

collaboration with the input of several stakeholder groups and finalized and approved for submission to the Board of Education by the Pinetree School Site Council.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Every year, the District conducts surveys of staff, parents and students to provide information on instruction, safety, communication, and programs.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Site administrators conduct frequent classroom observations to support teachers in standards implementation, classroom management, and monitoring of programs. Data from these classroom observations inform decisions regarding professional development and program implementation. Classroom observations consist of formal and informal observations, and include daily walkthroughs of classrooms.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The District uses data from State and local assessments to monitor student progress, inform instructional decisions, and improve student achievement. At the beginning of the year, teachers participate in data analysis sessions to review the prior year state assessments, examine beginning of the year assessments, and reflect on other forms of data to determine implications for instruction.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Throughout the school year, school site administrators, teachers, and district administrators utilize curriculum-embedded assessments and other formative assessments to participate in ongoing cycles of inquiry. Data is collected and analyzed in order to implement a multi-tiered system of support to meet academic and socio-emotional needs of all students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The District's Personnel Division is committed to ensuring that all currently hired and future hired teachers meet the highly qualified teacher requirements. Currently, 100% of teachers in Sulphur Springs Union School District are highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Currently 100% of teachers in Sulphur Springs Union are credentialed teachers. Professional development on SBE-adopted curriculum takes place at the beginning of the year before school starts, and continues throughout the year. Professional development also includes content on the CA Common Core Standards, the English Language Development Standards, and the Next Generation Science Standards.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Sulphur Springs Union School District provides high-quality professional development for teachers, principals, district administrators, and classified staff throughout the year. Professional development is focused on implementing the Local Control Accountability Plan (LCAP), district initiatives, priority standards, and data across the district on how best to meet students' instructional needs. Ongoing professional development continues to take place throughout the year from the District Office Educational Services Department, as well as every other Wednesday by the school site staff.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Sulphur Springs Union School District's Educational Services Department continues to provide ongoing support to teachers and administrators through the Assistant Superintendent of Educational Services, the Director of Curriculum and Instruction, two Educational Program Coordinators, and one Teacher on Special Assignment. Ongoing support and instruction consists of job-embedded coaching, professional development workshops, analyzing data and being a critical thought partners in analyzing data and making informed instructional decisions regarding programs and services.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

During each site’s Wednesday Professional Development time, teachers are given the opportunity to work together in teams to share resources, analyze data and make instructional decisions.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

State-adopted standards aligned textbooks are utilized across all core curricular areas to meet Williams compliance. Each year, the District updates a curriculum guide that focuses on priority standards in the content areas.

After the release of the report “Addressing Unfinished Learning After Covid-19” by the Council of Great City Schools (June 2020), the District’s Educational Services Department met with a cohort of teachers and administrators in early July to discuss instructional priorities when starting the 2020-2021 academic school year. During AdCo meetings and PD sessions, the team focused on three of the principles contained in the report: 1) Stick to grade-level content and instructional rigor, 2) Focus on depth of instruction and instructional rigor, and 3) Prioritize content and learning. The team utilized the June 2020 report from Student Achievement Partners titled “2020-2021 Priority Instructional Content in English-Language Arts and Mathematics” to identify priority standards and create Curriculum Guides with a focus on mastering the priority standards. The Curriculum Guides highlight the units in the District adopted curriculum in which the Priority Standards are addressed. The Curriculum Guides also include dates for the District Assessments that are aligned to these Priority Standards. These District Assessments will be administered at the Beginning of the Year (August), Fall (October), Winter (February) and Spring (May) to collect baseline data and measure progress throughout the year. These District Assessments include ESGI for Transitional Kindergarten through first grade, STAR Reading for second grade through sixth grade, and the Smarter Balanced Assessment Consortium (SBAC) Interim Assessment Blocks (IABs) for grade three through six. Data from these assessments will also be utilized to implement a Multi-Tiered System of Support, to determine additional support for students not making progress in mastering grade-level standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The school implements the minimum required instructional minutes. In many classrooms teachers are teaching beyond the minimum requirement, in order to meet students’ instructional needs.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The school implements a multi-tiered system of support to target students’ instructional needs. Students are identified for intervention based on data from state, district, and curriculum-embedded assessments.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All purchased materials are aligned to the California Common Core State Standards and include supplementary materials that meet students needs. In English-Language Arts and English Language Development, the school utilizes Benchmark Advance. In Math, the school utilizes Math Expressions. Both Benchmark Advance and Math Expressions include an online platform in which teachers and students can access the content digitally. In Social Studies and Science, the school utilizes the state-adopted textbooks in conjunction with online standards-based resources to supplement instruction.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All purchased materials are aligned to the California Common Core State Standards and include supplementary materials that meet students needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Centralized and site funds are used to support all student groups, including English Learners, homeless students, foster youth and students with disabilities. Funds are used to support professional development needs and/or instructional programming.

Evidence-based educational practices to raise student achievement

The school site continues to utilize research-based educational practices to support students in attaining grade-level proficiency. Data is analyzed to drive instruction and determine professional development needs. The District and school site provides regular opportunities for collaboration and school leaders participate in ongoing professional development to stay abreast of research-based instructional practices.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The school site implements a multi-tiered system of support to determine how best to support students academically and socio-emotionally. The site has a variety of resources to support underperforming students, including intervention programs, counseling services, the District's Family Resource Center, and access to the District Social Worker. Additionally, teachers and staff participate in ongoing professional development to meet these needs.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The site involves parents, community representatives, classroom teachers, and other personnel in the evaluation of consolidated application programs through the School Site Council. The School Site Council establishes, plans, and reviews the School Plan for Student Achievement annually. Additionally, the principal provides information and elicits input from the English Language Advisory Committee (ELAC), Parent Teacher Association (PTA), and all other stakeholders.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services are provided through both centralized and site-based categorical funds to help underperforming students meet standards. Centralized and site funds are used to support students in all subgroups through professional development, the implementation of intervention programs, purchasing supplementary materials, providing workshops for parents, and any other services as needed.

Fiscal support (EPC)

The school site receives funding through the Local Control Funding Formula, which includes Base and Supplemental/Concentration funds. Some sites receive Title I funds. Additionally, the site receives monies from various grants and from the PTA.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Input from parents, students and staff through LCAP surveys March 2023.
Input from parents through Comprehensive Needs Assessment March-April 2023.
Input from parents in ELAC meeting on April 11, 2023
Input from leadership team leads in regards to team needs April 19, 2023.
Input from School Site Council on April 28, 2023 and May 25, 2023.
Input from students via student survey on ideas to improve school instruction and climate.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

A factor that directly impacts the student experience and can create resource inequities is instructional time and attention. This area of need is being reviewed by stakeholders to determine how our school can better meet the needs of all learners and provide an equitable learning

experience for all learners. The target areas being monitored are: instructional time spent on areas of high priority, differentiation within the classroom to better support students with greater needs in academic areas, and analyzing daily schedules to increase time on learning and ensure the learning is appropriate, rigorous, and high priority.

School and Student Performance Data

Student Enrollment Enrollment By Student Group

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	20-21	21-22	22-23
Kindergarten	110	100	111
Grade 1	82	88	79
Grade 2	88	81	92
Grade3	92	89	82
Grade 4	76	81	87
Grade 5	67	63	85
Grade 6	81	70	64
Total Enrollment	596	572	600

Conclusions based on this data:

1. Pinetree's kindergarten, 5th, and 6th grade have seen steady decrease in numbers over the past few years.
2. The number of fourth grade students has increased each year.
3. First, second, and third grade student populations have increased and decreased over the past few years.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners	32	30	36	5.40%	5.2%	6.0%

Reclassified Fluent English Proficient (RFEP)	4	2	3	12.5%	0.3%	0.5%

Conclusions based on this data:

1. The total number of students who are classified as English Learners has decreased slightly each year.
2. The number and percentage of Fluent English Proficient Students has remained relatively consistent over the past three school years.
3. The number of Reclassified Fluent English Proficient students peaked in the 19-20 school year. The number of students being reclassified has remained consistent since the 20-21 school year.

Conclusions based on this data:

1. All grade levels saw a post COVID decrease in the percentage of students exceeding standards overall in ELA. We need to continue to focus on priority standards and ensuring that best practices for Tier 1 Instructional Strategies are being implemented in all classrooms.
2. Third grade students pre COVID, compared to third grade students post COVID saw the biggest decrease in all grade levels of percentage of students meeting standards. We need to focus on implementing targeted small group instruction, and continue to develop strong reading foundations for our TK - 2 grade students through Orton Gillingham.
3. Our strongest claim area continues to be in the Listening claim area, with the least percentage of students scoring below standard.

Conclusions based on this data:

1. Almost 30% of students are performing below standard in Concepts and Procedures and are demonstrating that this is not an area of strength for most students. We need to focus instruction on application of math skills.
2. Overall, all students are showing a relative strength in Communicating Reasoning, with around 81% of students above, at, or near mastery.
3. The percentage of all students nearly meeting or meeting standards overall in math stayed very similar pre and post COVID. With the exception of 4th grade, the percentage of all other grades exceeding standards declined following COVID.

2. There was a slight increase overall in students demonstrating a well developed mastery overall in the ELPAC between 20/21-21/22.
3. Speaking, listening, and writing domains show an increase in number of students scoring in the well developed range between 20/21-21/22. Writing showed a large increase in number of students showing beginning level mastery in the writing domain. This will be an area of focus for the school year.

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

2021-22 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
572	50.0	5.2	0.5
Total Number of Students enrolled in Pinetree Community School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2021-22 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	30	5.2
Foster Youth	3	0.5
Homeless	2	0.3
Socioeconomically Disadvantaged	286	50.0
Students with Disabilities	73	12.8

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	18	3.1
American Indian	3	0.5
Asian	13	2.3
Filipino	27	4.7
Hispanic	264	46.2
Two or More Races	43	7.5
Pacific Islander		
White	196	34.3

Conclusions based on this data:

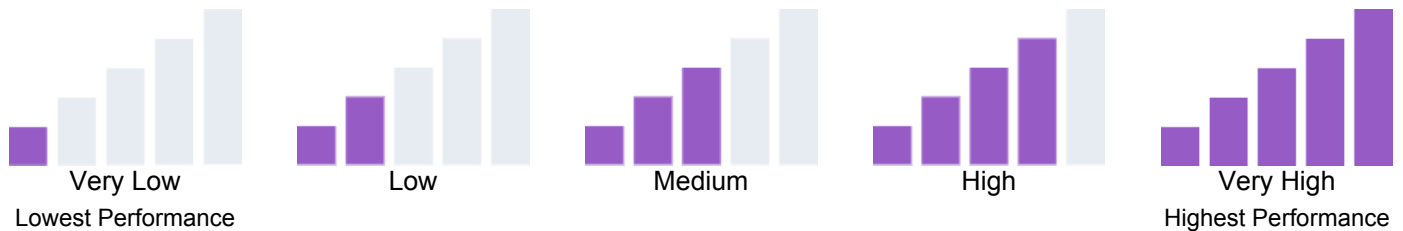

1. The last recorded student population total was 572.
2. 50% of the student population qualified for free or reduced meals.
3. Just over five percent of the student population is comprised of English Learners.

School and Student Performance Data

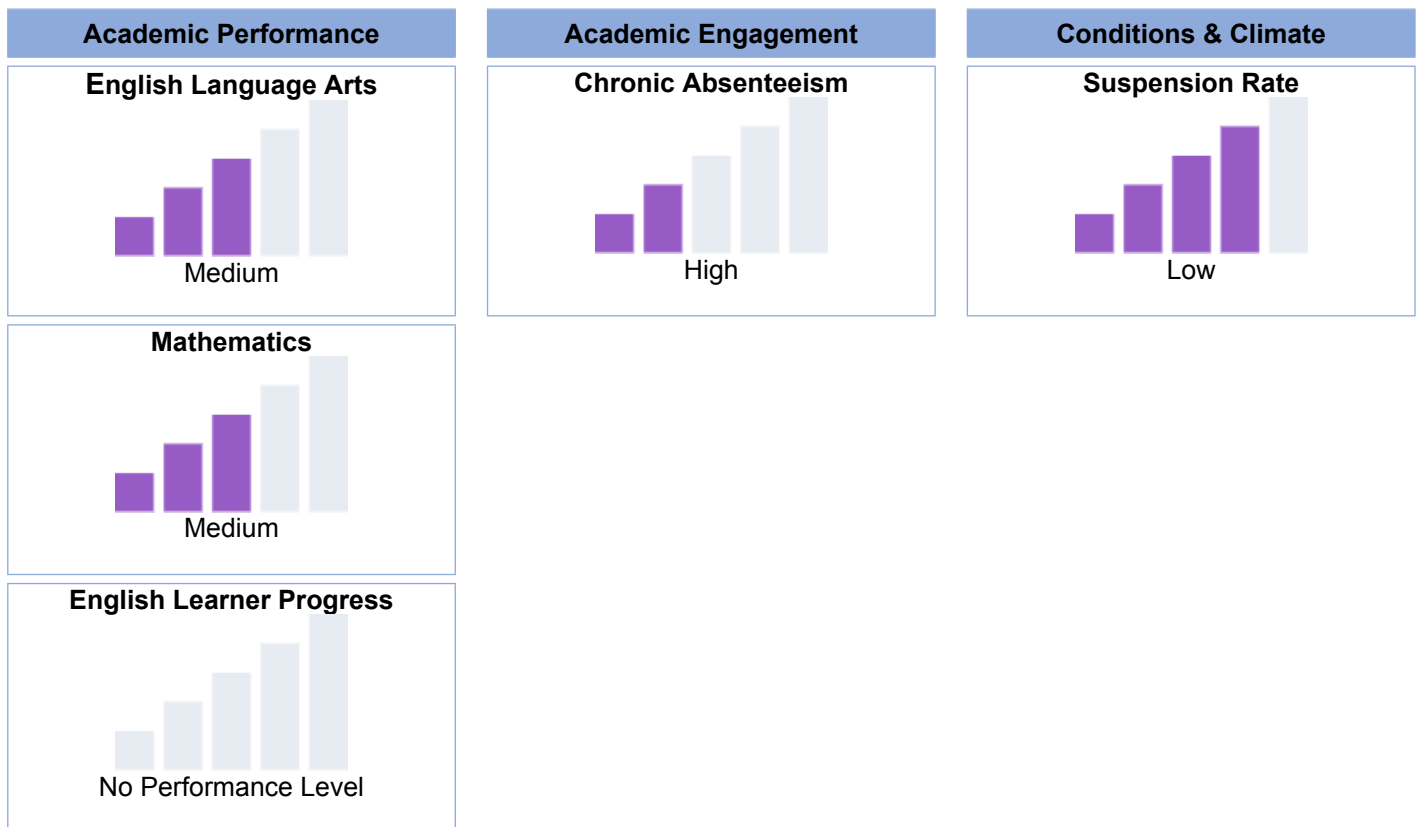

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

- Both Language Arts and Math student academic performances are in the medium level meaning that performance is satisfactory, indicating that there is continued room for student growth to support performance at or above standard.
- Chronic absenteeism is in the high level indicating that attendance is an area identified for improvement. This will be a continued school wide focus.

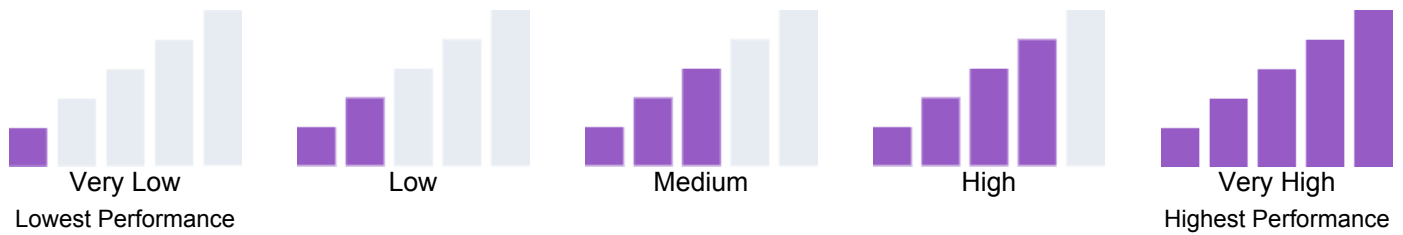

3. Suspension Rate is low, however, this continues to be a priority area. Our school focus is on developing a trauma informed staff supporting the social emotional development of all students. Shifting the focus to why students misbehave, and providing tools and strategies instead of repeatedly punishing them should decrease the number of suspensions and behavior issues.

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
75.9 points below standard	58.5 points above standard	12.9 points above standard
15 Students	14 Students	252 Students

Conclusions based on this data:

1. English Learner and Students with Disabilities groups scored well below standard.
2. Reclassified English Learners are scoring well above English Only and English Learner students.
3. Our student population, as a whole, is scoring slightly above standard.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

1. Decreasing suspension rate and increasing restorative and self regulation practices will continue to remain a school focus.
2. Students with Disabilities had the highest percentage of subgroups with suspended students.
3. Our student population, as a whole, has a low rate of student suspension.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

All strategies were implemented to strengthen student engagement.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences between planned and actual implementation of budgeted expenditures to meet Goal 1.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the 23-24 school year, an increased amount of funds and social worker & admin time will be focused on increasing student attendance to ensure all students have consistent access to the core curriculum. (Goal 1, Strategy 6)

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

LEA/LCAP Goal

Proficiency in reading/language arts
 Proficiency in math
 Proficiency for high priority students

Goal 2

Increase all student achievement by providing high quality instruction and curriculum that promotes college and career readiness, with academic interventions and enrichments in place to foster student success.

Identified Need

In the 2022-2023 school year 24% of English Learners at Pinetree are designated as LTELs (Long Term English Learners).

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase proficiency in Math	15% of English learners met or exceeded standard in the math portion of the CAASPP	20% of English learners will meet or exceed standard in the ELA portion of the CAASPP
Increase proficiency in Reading	18% of English learners met or exceeded standard in the ELA portion of the CAASPP	25% of English learners will meet or exceed standard in the ELA portion of the CAASPP
Increase number of EL students Reclassifying	In 2022-2023, 3 students were Reclassified	In 2023-2024, Reclassifications will increase by 5%

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Students participated in small group instruction during the school day focused on early literacy skills. There was a 1% increase in students scoring proficient on standardized mid year assessments between 21-22 and 22-23 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds earmarked to support small group instruction outside of the school day had to be reallocated in response to a lack of teacher participation until midway through the year.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

During the 23-24 school year, additional instructional opportunities will be provided within the school day and outside of the school day (Goal 2, actions 8 and 11).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Family and Community Engagement and Involvement

LEA/LCAP Goal

Parents and community

Goal 3

All families and the broader community are welcomed and are partners in supporting the whole child.

Identified Need

Increase home school connections and communication for families of all student groups

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increased interaction between families and school staff on Parent Square	To date, 63% of families have interacted with Parent Square (commenting, appreciating, volunteering)	By end of school year, 70% of families will interact with Parent Square
Increased parent attendance at ELAC meetings	Pinetree has historically struggled to get families of English learners to attend ELAC meetings. During the 2022-2023 school year, no families attended the ELAC meetings	During the 2023-2024 school year, a minimum of 5 families will regularly attend ELAC meetings.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Stephanie Cruz, Principal	Principal
Adam Jennings, Parent	Parent or Community Member
Karina Calzada, Parent	Parent or Community Member
Elizabeth Santos, Parent	Parent or Community Member
Danielle Bartos, PTA/Parent	Parent or Community Member
Mike Adachi, Teacher	Classroom Teacher
Jennifer Guzman, Teacher	Classroom Teacher
Katlyn Grams, Teacher	Classroom Teacher
Michelle Hubbell, Classified	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
