Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Single Plan for Student Achievement (SPSA) is a site plan that describes the actions and strategies based on analysis of quantifiable and qualitative data. This plan will serve to improve student academic outcomes, student engagement, school climate and the involvement of parents and the school community. The SPSA is aligned with the District Local Control Accountability Plan (LCAP) and measurable student outcomes are in support of the LCAP goals, metrics and targets for improvement. The SPSA is a plan that is developed in collaboration with input from stakeholders and finalized and approved for submission to the Board of Education by the School Site Council.

Canyon Springs Community School staff and parents utilize a shared leadership framework to ensure decisions are made considering the perspectives of all, while the work of school improvement is lifted by many. Each grade level team is building capacity to analyze and monitor school-wide data to inform goals and strategies as well as monitor progress. A strong commitment to relationships (between parents, students, and staff) remains at the heart of our school improvement efforts impacting climate, student learning and community engagement. We will continue to focus on increasing the rigor and effectiveness of differentiated core instruction (Tier I) for reading and math.

In addition, we will continue to make data-driven decisions for our Tier II and Tier III supports for students needing additional intervention in reading, math, and English Language Development. We will monitor the effectiveness by measuring the fidelity of each specific intervention we employ. These academic areas of focus will be combined with our continued focus on tiered supports for behavior and social-emotional learning. The goals and strategies in SPSA align directly with district LCAP goals (increasing student achievement and providing necessary supports for the academic and social-emotional success of our English Learners).

Canyon Springs Community School is located in a suburban area in the Santa Clarita Valley approximately 40 miles northeast of Los Angeles. We serve students in grades TK-6 following a traditional calendar. At the beginning of the 2021-2022 school year, 520 students were enrolled with 47.1% English Language Learners, 85.5% qualifying for free and reduced lunch, and a 13.3% Special Education population. The campus is located in an existing housing tract about one quarter mile from the local junior high school and one mile from the local high school. The school gets its name from the numerous canyons and springs that dominated the area prior to a relative explosion in population during the last 30 years. A visit to Canyon Springs reveals an environment where high expectations, positive morale, dedication to the highest quality education, and a sense of camaraderie are prevalent. Our outstanding staff has always been on the cutting edge in providing standards-based instruction for students. Canyon Springs staff and parents believe children are society's most valuable resource. At Canyon Springs School, students are given equal opportunities to acquire a comprehensive education that enhances their ability to become productive citizens. We encourage children to succeed by creating a secure learning climate that values self-worth and celebrates diversity. Our ultimate goal is to prepare our students to become life-long learners and to have the opportunity to be leaders of a 21st century society built on communication and technology. Canyon Springs students are "Running on the Road to Success!"

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Every year, the District conducts surveys of staff, parents and students to provide information on instruction, safety, communication, and programs. This year, due to school closures from Covid-19, survey information included feedback on distance learning, including ways to strengthen the instructional program, provide necessary professional development, and gain an understanding of ways to support families during this time of remote teaching.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Site administrators conduct frequent classroom observations to support teachers in standards implementation, classroom management, and monitoring of programs. Data from these classroom observations inform decisions regarding professional development and program implementation. Classroom observations consist of formal and informal observations, and include daily walkthroughs of classrooms. During remote teaching, classroom observations include participation in teachers' scheduled live teaching sessions.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The District uses data from State and local assessments to monitor student progress, inform instructional decisions, and improve student achievement. At the beginning of the year, teachers participate in data analysis sessions to review the prior year state assessments, examine beginning of the year assessments, and reflect on other forms of data to determine implications for instruction.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Throughout the school year, school site administrators, teachers, and district administrators utilize curriculum-embedded assessments and other formative assessments to participate in ongoing cycles of inquiry. Data is collected and analyzed in order to implement a multi-tiered system of support to meet academic and socio-emotional needs of all students.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The District's Personnel Division is committed to ensuring that all currently hired and future hired teachers meet the highly qualified teacher requirements. Currently, 100% of teachers in Sulphur Springs Union School District are highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Currently 100% of teachers in Sulphur Springs Union are credentialed teachers. Professional development on SBE-adopted curriculum takes place at the beginning of the year before school starts, and continues throughout the year. Professional development also includes content on the CA Common Core Standards, the English Language Development Standards, and the Next Generation Science Standards.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Sulphur Springs Union School District provides high-quality professional development for teachers, principals, District administrators, and classified staff throughout the year. Professional development is focused on implementing the Local Control Accountability Plan (LCAP), district initiatives, priority standards, and data across the district on how best to meet students' instructional needs. For the 2020-2021 school year, professional development has focused on implementing the District's Learning Continuity and Attendance Plan, to address the needs identified for students and staff based on the school closures due to Covid-19. Before the 2020-2021 school year started, teachers participated in 32 hours of virtual professional development. Ongoing professional development continues to take place throughout the year from the District Office Educational Services Department, as well as every other Wednesday by the school site staff.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The Sulphur Springs Union School District's Educational Services Department continues to provide ongoing support to teachers and administrators through the Assistant Superintendent of Educational Services, the Director of Curriculum and Instruction, two Educational Program Coordinators, and two Teachers on Special Assignment. Ongoing support and instruction consists of job-embedded coaching, professional development workshops, analyzing data and being a critical thought partners in analyzing data and making informed instructional decisions regarding programs and services.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

During each site’s Wednesday Professional Development time, teachers are given the opportunity to work together in teams to share resources, analyze data and make instructional decisions. Additionally, during the 2020-2021 school year, the Educational Services Department has provided opportunities for teachers at each grade-level across the District to come together and collaborate. These virtual opportunities include virtual professional development sessions, as well as the establishment of Google Classroom and District website to serve as a resource hub for teachers.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

State-adopted standards aligned textbooks are utilized across all core curricular areas to meet Williams compliance. Each year, the District updates a curriculum guide that focuses on priority standards in the content areas.

After the release of the report “Addressing Unfinished Learning After Covid-19” by the Council of Great City Schools (June 2020), the District’s Educational Services Department met with a cohort of teachers and administrators in early July to discuss instructional priorities when starting the 2020-2021 academic school year. Through a series of four workshop sessions, the team focused on three of the principles contained in the report: 1) Stick to grade-level content and instructional rigor, 2) Focus on depth of instruction and instructional rigor, and 3) Prioritize content and learning. The team utilized the June 2020 report from Student Achievement Partners titled “2020-2021 Priority Instructional Content in English-Language Arts and Mathematics” to identify priority standards and create Curriculum Guides with a focus on mastering the priority standards. The Curriculum Guides highlight the units in the District adopted curriculum in which the Priority Standards are addressed. The Curriculum Guides also include dates for the District Assessments that are aligned to these Priority Standards. These District Assessments will be administered at the Beginning of the Year (August), Fall (October), Winter (February) and Spring (May) to collect baseline data and measure progress throughout the year. These District Assessments include ESGI for Transitional Kindergarten through first grade, STAR Reading for second grade through sixth grade, and the Smarter Balanced Assessment Consortium (SBAC) Interim Assessment Blocks (IABs) for grade three through six. Data from these assessments will also be utilized to implement a Multi-Tiered System of Support, to determine additional support for students not making progress in mastering grade-level standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

The school implements the recommended number of minutes per day for Reading Language Arts and Mathematics. With the implementation of the California Common Core State Standards, teachers integrate subject matters to make learning applicable and support students with being college and career ready. Classroom schedules are provided to the principal at the beginning of each school year. Additionally, classroom programs are communicated to parents at Back to School Night.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The school implements a multi-tiered system of support to target students’ instructional needs. Students are identified for intervention based on data from state, district, and curriculum-embedded assessments.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All purchased materials are aligned to the California Common Core State Standards and include supplementary materials that meet students needs. In English-Language Arts and English Language Development, the school utilizes Benchmark Advance. In Math, the school utilizes Math Expressions. Both Benchmark Advance and Math Expressions include an online platform in which teachers and students can access the content digitally. In Social Studies and Science, the school utilizes the state-adopted textbooks in conjunction with online standards-based resources to supplement instruction.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All purchased materials are aligned to the California Common Core State Standards and include supplementary materials that meet students needs.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Centralized and site funds are used to support all student groups, including English Learners, homeless students, foster youth and students with disabilities. Funds are used to support professional development needs and/or instructional programming.

Evidence-based educational practices to raise student achievement

The school site continues to utilize research-based educational practices to support students in attaining grade-level proficiency. Data is analyzed to drive instruction and determine professional development needs. The District and school site provides regular opportunities for collaboration and school leaders participate in ongoing professional development to stay abreast of research-based instructional practices.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The school site implements a multi-tiered system of support to determine how best to support students academically and socio-emotionally. The site has a variety of resources to support underperforming students, including intervention programs, counseling services, the District's Family Resource Center, and access to the District Social Worker. Additionally, teachers and staff participate in ongoing professional development to meet these needs.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The site involves parents, community representatives, classroom teachers, and other personnel in the evaluation of consolidated application programs through School Site Council. School Site Council establishes, plans, and reviews the Single Plan for Student Achievement annually. Additionally, the principal (or designee) provides information and elicits input from parents during English Language Advisory (ELAC) meetings, PTA meetings, and general school-information meetings.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Services are provided through both centralized and site-based categorical funds to help underperforming students meet standards. Centralized and site funds are used to support students in all subgroups through professional development, the implementation of intervention programs, purchasing supplementary materials, providing workshops for parents, and any other services as needed.

Fiscal support (EPC)

The school site receives funding through the Local Control Funding Formula, which includes Base and Supplemental/Concentration funds. Some sites receive Title I funds. Additionally, the site receives monies from various grants and from the PTA.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Input from parents, students and staff through LCAP surveys 2021-2022 school year.
Input from teachers and staff April 27, 2022 at PD Wednesday Staff Meeting.
Input from parents in ELAC meeting on April 28, 2022.
Input from School Site Council on May 6, 2022.
Input from students via student survey on ideas to improve school instruction and climate.
Input from School Site Council/Passed at School Site Council May 20, 2022

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Inequities in materials at home occur within all subgroups with general materials and technology. Funds allocated to purchase 1:1 technology and general supplies for in class and home use. Availability of home support by an adult varies for each child.

Grade 4	79	67	80
Grade 5	79	76	65
Grade 6	74	78	79
Total Enrollment	512	503	488

Conclusions based on this data:

1. The enrollment in kindergarten drops in 2020-2021 to 57 student, whereas there were 70 students enrolled in kindergarten in 2019-2020..
2. Canyon Springs overall enrollment has declined from the previous two school years.
3. The Hispanic/Latino population remains the largest subgroup at Canyon Springs Community School, making up over 85% of the student population.

Conclusions based on this data:

1. When looking at the overall achievement for all students, the percent of students in standard met decreased by 3.6% from 2017-2018. to 2018-2019
2. When looking at Problem Solving & Modeling/Data Analysis, the percentage of students at or near standard increased by 2.38%.
3. The claim with the lowest outcomes was Communicating and Reasoning. This is the claim has only 14.39% of students above standard. However, this claim also has the most students at or near standard with 49.47%. This claim is a focus for the 2019-2020 school year.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
488	86.5	40.6	1.4
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	198	40.6
Foster Youth	7	1.4
Homeless	7	1.4

Asian	7	1.4
Filipino	14	2.9
Hispanic	421	86.3
Two or More Races	7	1.4
Native Hawaiian or Pacific Islander		
White	25	5.1

Conclusions based on this data:

- 86.5% of Canyon Springs students are Socioeconomically Disadvantaged.

2. 40.6% of students are English Learners who attend Canyon Springs.

3. Canyon Springs has a 1.4% homeless population.

Overall Performance

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

2019 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Orange	Chronic Absenteeism  Green	Suspension Rate  Blue
Mathematics  Orange		

Conclusions based on this data:

1. The suspension rate at Canyon Springs is very low and falls in the blue category of the California Dashboard.
2. Although Chronic Absenteeism remains in the green category of the California Dashboard, improving attendance will continue to be an area of focus.
3. ELA and Math continue to be an area of need for improvement at Canyon Springs considering the Dashboard reflects both subjects to be Orange on the California Dashboard.

School and Student Performance Data

Academic Performance English Language Arts

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

This section provides number of student groups in each color.

This section provides a view of Student Assessment Results and other aspects of this school's performance, specifically how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on the Smarter Balanced Summative Assessment, which is taken annually by students in grades 3–8 and grade 11.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the pandemic, our students did not return to campus until February 2021, which affected our ability to implement many of the strategies and activities effectively during the 2020-2021 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to the pandemic, our students did not return to campus until February 2021. Instruction was provided digitally as well as in person.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal to increase students achievement remained the same.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the pandemic, our students did not return to campus until February 2021, which affected our ability to implement many of the strategies and activities effectively during the 2020-2021 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Students will be provided school wide intervention with the use of Learning Support Teachers.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Learning Support Teachers and training in Orton Gillingham will be provided to improve foundational reading skills.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Engagement and Involvement

LEA/LCAP Goal

Parents and community

Goal 3

All families and the broader community are welcomed and are partners in supporting the whole child.

Identified Need

Through Parent Square 99% of our families are contacted via email messages and phone calls. Messages are sent out school-wide once a week, with frequent reminders for specific meetings to help support parent participation. Teachers also send out weekly messages to their families to engage parents. This year we will continue to collect baseline data and parent input so we can continue to improve our parent participation. Our baseline data shows that the average attendance for Coffee w/ the Principal is 19 parents. At ELAC meetings, the average number of parents who attend ELAC meetings is 8. Our Goal Setting conferences had 92% of families participating in their child's conference. Only 6% of our families did not attend conferences. This is based on our general education student enrollment of 439 students.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Parent Square Data	In 2021-2022, Canyon Springs was able to reach 99% of Parents via Parent Square.	In 2022-2023, Canyon Springs Office will work to maintain accurate records in order to reach 100% of families via Parent Square.

Goal Subject

Supporting the Whole Child

LEA/LCAP Goal

Effective teaching and administration

Goal 4

All students, including low income students , English Learners and Foster Youth, and will be provided a safe and healthy learning environment to achieve social, emotional, and academic success.

Identified Need

For the 2021-2022 school year Canyon Springs Community School, saw an increase in referrals for counseling service and referrals to our district school social worker. We will continue to focus on social emotional support through Capturing Kids Hearts, which will work to build positive relationships at our school. We will continue to collect baseline data to analyze and support the emotional and behavioral needs of students. For the 2021-2022 school year, Canyon Springs had 2 students with DIS Counseling, 4 students seeing the School Based Counselor and there were currently 12 students on the waiting list for the school based counselor. Due to the 12 students on the waiting list for the school based counselor, Canyon Springs hired a full time school based counselor in February 2022, who addressed these referrals in order to provide additional support to our families. For the 2022-2023 school year, the goal is for the Canyon Springs school based counselor to provided one-on-one counseling to students, as well as group counseling and classroom presentations focusing on social emotional needs. The school based counselor is currently seeing students as needed, identified by classroom teachers, families and administration through the referral process.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase Attendance	In 2021-2022, the average monthly attendance was 95%.	In 2022-2023, average monthly attendance will increase by 2%.
Decrease Suspensions	In 2021-2022, Canyon Springs had 0 suspensions.	In 2022-2023, Canyon Springs will maintain a goal to have 0 suspensions.
Parent Involvement	In 2021-2022, Canyon Springs had 15 active Parent PTA volunteers out of 520 students. At ELAC meetings, for the 2021-2022 school year, the average number of parents in attendance was 9 parents.	In 2022-2023, Parent Involvement for PTA volunteers will increase by 10 parents volunteering. In 2022-2023, parent participation at ELAC meetings will increase by 5 parents.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Due to the pandemic, our students did not return to campus until February 2021, which affected our ability to implement many of the strategies and activities effectively during the 2020-2021 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Due to restrictions in social interactions and protocols, student interaction was limited.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In order to better support students, teachers will be provided training to help address the social emotional needs of students.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Julie Martinez, Principal	Principal
Noemi Sosa, Parent	Parent or Community Member
Walker Gomez, Parent	Parent or Community Member
Rebecca Huckeba, Classified	Other School Staff
Kalies DeBerry, Parent	Parent or Community Member
Cynthia Troche, Parent *ELAC REP.	Parent or Community Member
Veronica Walker, Parent	Parent or Community Member
Mallory Langley, Teacher	Classroom Teacher
Jeri Potter, Teacher	Classroom Teacher
Lynette Vermeulen, Teacher	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

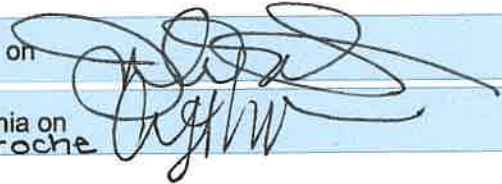

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/19/2022.
